

SO WHAT

Why is it the payless or part time civil servant is loaded with work? That definitely is not the case of the full time politico, in the majority of cases. Therefore, it seems that a little more consideration is due the former.

We say that because we are losing them, right and left. Only last week, Justice of the peace John Fahey Jr., asked to be relieved on account of the fact he was required to devote just about all of his time to the assignment, although it is slated as a part time job.

Now we are informed that M. D. Peterson, Police Commissioner of Broadmoor, has quit because of the demands of that office. He revealed the duties were cutting into his business, which is operating a service station.

Mind you, neither one of these men complained. On the contrary, they both spoke highly of their situations. But they made it plain that the work was more than they anticipated.

Already, we have gone into detail about Judge Fahey. In the instance of Peterson, it appears that he understood his task would necessitate about 30 hours a month.

Instead, he received telephone calls at his station, demanding immediate action, and he acted as substitute in relieving officers, going off duty.

When asked about the actual time he had devoted to the job of commissioner, he replied that he hadn't stopped to total it. However, it was clear that approximately 90 hours monthly were involved.

Peterson really was disturbed over tendering his resignation. Furthermore, it was plain that he was reluctant to do so, and to give the details that led up to the decision.

Of course it was a matter of pride. He wanted to serve his community, as every American (Continued on Page 2)

Lavish Aquacade Show At Jefferson High November 30

by Bettie Duffy
"Enchanted Isle," Jefferson's lavish aquacade will be presented Wednesday, November 30, Thursday, December 1, and Friday, December 2 at the high school pool.

Two performances will be given each evening, the first at 7:30 and the second at 9:30. Approximately 100 Jeff High students are participating in the aquacade.

A complete sell out for each performance is expected. Participants (only) are selling the tickets which cost \$1. Tickets will not be sold at the door.

The swimming routines are under the superb direction of Miss Virginia Parent, assisted by Miss Marjorie Erickson. Mrs. K. L. Parkhurst is dance director, and the music will be supplied by the Jeff Dance Band under the able direction of Mr. King Stevens.

The whole idea of this year's beautiful aquacade is a day on the "Enchanted Isle." As this magnificent water pageant begins, a group of ships are smoothly sailing along when a huge dragon comes up from the sea and causes a shipwreck. The ship-wrecked sailors land on an island and lie (Continued on Page 2)

DALY CITY NEEDS NEW POST OFFICE

One thing is going to become more and more obvious to Daly City citizens attempting to mail packages this Christmas.

When they reach the Daly City post office door they will be lucky to find a place to stand, more or less, to buy a postage stamp. The place is just "too darn small."

Our post office building was built for a city with a population of 5,000, not the present 13,000. There are two, sometimes three, windows to serve every would-be patron in Daly City. There is not enough space in the back rooms to handle the mails, more or less for the personnel. These are the obvious, painful facts.

What is to be done?

Thanks to the foresight of Mayor Paul Green, the national government will soon begin a survey to locate a federal post office site. However, it will be some time before this survey goes into the field of positive action.

In the meantime the San Francisco post office department, of which Daly City is a branch, is snooping around for larger quarters in this area. To date, although Mayor Green brought up the problem several months ago, there has been no reply from San Francisco.

We don't say anyone is to blame, but how about some action from that central post office building in San Francisco? And if this isn't forthcoming, why not a separate post office for Daly City?

AN ALWAYS WELCOME HEADLINE

But, Thanksgiving Is More Than Turkey

Thanksgiving is more than mere feasting and union.

Thanksgiving is a time for renewing our faith in God and the spiritual values of life which are essential to these times.

The Pilgrims who founded our nation worshipped in the wilderness on that first Thanksgiving, giving thanks to God for His blessings. Meager blessings they were, but still plenty for which to be thankful.

Today we must live up to the faith of our forefathers. We give thanks for material things, for freedom, but above all, for the privilege of worship. Go to church Thanksgiving. Live up to your faith.

Young Boy Hit By Car While Playing In Street

Narrowly escaping serious injury Friday was 4-year-old Douglas White, 964 Brunswick street, when he was hit by a car in front of his home.

The young boy was rushed to Junipero Serra hospital where he was treated for cuts on his forehead and left knee. Hospital authorities reported the boy was released shortly after treatment for the aforesaid cuts.

Young White was struck by a car driven by Nicholas C. Stathis, 22, 50 Church street, police said.

Stathis told officers that he was coming north on Brunswick when a small child ran across the street in front of his car. He slammed on the brakes, but not before he had knocked the boy to the street, police said.

Officers were investigating the case this week.

City Still Looks For City Manager

Still trying to choose a city manager today are members of the city council.

The council is now going through 55 applications, but as yet has not reached any conclusion, Mayor Paul Green said. None of the applicants yet have been interviewed.

When the applications are finally weeded down to the most likely men, the council will call for personal interviews. Mayor Green could not say when this would be done, or when the city manager would be chosen.

Applications for the job have been received from almost every state in the union, and from a good many European countries.

Casey Jones Collides Again

Casey Jones Tierce, 36, 1761 Woodland avenue, Palo Alto, was at the "thrill" of a car in the only accident reported over the week end.

Casey pulled up his vehicle at Mission and Hillcrest at 10:55 a.m. Sunday when the accident occurred, police said. No sooner had the Palo Alto man come to a halt, when he sustained a bump in the rear of his car, police said.

Floyd W. Medton, 47 Werner street, had collided with the rear end of Casey's vehicle, police reported. Neither of the vehicles was seriously damaged, although both will need repairs.

Football Fans May See Daly City Players On Two Thanksgiving Gridirons

As much of Thanksgiving as turkey is football.

Thursday, Daly City fans will have an opportunity to see the home town boys in action on two separate fronts.

The annual game between the Jefferson High Indians and South San Francisco Warriors will be played on the South City field beginning at 11 a.m.

At the same hour in Petaluma the powerful Daly City Mustangs will tangle with the Petaluma Leghorns.

Both of these games promise to be as thrilling, as turkey is delicious.

In the high school tussle, the

D. C. Merchants "Buy" Bad Check Artist's Work

Merchants in Daly City recently have been taking a beating by bad check artists. W. W. Sunderland, chief of police, reported today.

The two most recent cases allegedly involve one Charles Williams and a woman named Irma Marks.

Monday the Mobile gas station, 6331 Mission, cashed a check for a middle aged woman. The check, for \$34.65, was used to purchase tires valued at \$21. The woman was given \$13.62 in change.

Lee Taylor, gas station employee, reported the assertedly bad check was made out to Irma Marks and signed by Charles Williams.

On November 12 an auto supply store at 6201 Mission accepted a check signed by the same Charles Williams for \$7.20. This was used to purchase tools. The next day Williams cashed another check for \$63.29 at the same store.

Both the checks, Sunderland said, bounced when Colin Bennett, store manager, attempted to cash them.

"If merchants would merely ask for proper identification, all of this kind of thing would cease," Sunderland said.

Anyone who suspects that a "gentleman" or "lady" is trying to pass a bad check is asked to call the police station.

BUBBLE BANK BURGLAR GETS CASH, JEWELRY

Police this week are searching for the "Bubble Bank Burglar" who cracked a child's bank and stole some jewelry from the Stanley Peterson home, 153 Miriam street, Thursday.

Entering the house sometime between 3 and 5:35 p.m., the thug stole \$5 to \$6 from a toy bank, a man's wrist watch and diamond ring, police said.

While Mrs. Peterson was out of (Continued on Page 2)

Xmas Decorations Up In 10 Days On Daly City Streets

Within the next 10 days Santa Claus will make himself known through Christmas decorations from the San Francisco county line to Market on Mission.

Frank Lombardi, president of the Daly City Merchants Association, said today the lights and decorations were almost completed. He added that they would start going up within a week to 10 days.

The \$5,000 worth of decorations and lighting will mark the first time in Daly City's history that Mission street has "put on the green" for Christmas.

Mayor Paul Green said the city has allowed \$2,500 for lighting. Old St. Nick's, by the dozens, and angels, at a cost of \$900 were purchased by the merchants from Berkeley. These decorations are lightly used, but still in good shape, Lombardi said.

"The decorations were purchased from Berkeley at a considerable saving," Lombardi asserted.

Hoping to stimulate trade, in addition to bringing the Christmas spirit to Daly City, prompted the merchants and city government to back the project.

As planned, gay colored lights will go from pole to pole across Mission street. Then on every other pole there will be some figure symbolic of the Christmas spirit.

Meanwhile, the city firemen were also planning to do their own decorating. The four fire houses will be covered with decorations within the near future, Mayor Green said.

All of this work, and expense, will be born by the city firemen.

The lighting will go on the stations at: Station, between Market and Vale; Santa Barbara and Parkview; Santa Barbara north of Hillcrest; Peoria and Roosevelt.

Up And Down The World Has Travelled James Friend, A Daly City "Ham"

Far away places with strange sounding names are nothing new to James Friend, 364 Bellevue avenue, who to date has "visited" some 52 nations.

While Friend hasn't actually been in that number of countries, his voice, via his "ham" radio station W6EJC, has traveled up and down the continents of the world.

Operating out of a very neat radio shack in the basement of his home, the marine veteran has been in communication with such spots as Kiev, Russia; Tahiti; Macao Island points in Japan; Paris; sections of Germany; N. Africa, and just about any place your finger can spot on the globe.

Behind each contact there is a story. For example one operator he picked up in Japan was an ex-radio man in the Japanese navy. In a letter to Friend he recalls having taken part in many naval engagements, and swimming for his life from a band of sharks.

This same Japanese operator asked Friend to send him some magazines.

"I would have done it, except he specifically mentioned two very popular issues. These are sold on the black market. I turned his name over to the proper authorities."

Having served several years in the Pacific with the marines, Friend knows quite a bit about the Japanese and various black market activities.

It also was while in the marines, seven long years, that the Daly City man received training in radio. Shortly after his discharge he set up his present "ham" station. It has been operating a little more than one year.

"With a little ingenuity and work anyone can build a fair station for from \$100 to \$500," Friend said.

But why go to the trouble of building a station?

"It gets you after a while," Friend replied. "I don't think anything has ever given me as much pleasure as my radio hobby."

When "hams" are in contact with each other they speak of many things. However, one issue, politics, is taboo. Talking to Russia, Friend stays strictly to such topics as type of radio equipment, how he is "coming in" and perhaps the weather.

But besides memories of these conversations, all hams have what is known as QSL cards. These cards are sent from ham to ham after a first contact.

On the walls of Friend's "shack" where QSL cards from every corner of the globe. For the most part they show only the radio call numbers. However, one from down South America way had a neat picture of those international travelers.

(Continued on Page 2)

Neon Signs To Mark Marchbanks Park For Visitors

It won't be long now, about a week, before two neon signs will point out Marchbanks Park.

Mayor Paul Green said today that poles for the large two-faced signs are now being put up at Parkview and Mission, and North Parkview and Junipero Serra respectively.

After the poles have been set, and the proper wiring installed, the signs will go up. This may be only a matter of days, Mayor Green indicated.

Friday Outing Planned For D. C. Boys Club Members

Daly City Boys Club members are invited to a free day at the beach this Friday, Joe Daugherty, club leader announced today.

The boys will be the guests of the San Francisco Boys Club and enjoy free rides, food and fun. Those intending to go must present their membership card and written permission from their parents.

Only Daly City Boys Club members are eligible for the outing. Further information may be obtained from Daugherty as to time and place.

Meanwhile, the boys and directors of the club wish to thank each and every parent and person who purchased tickets to their recent turkey affair.

Enjoying turkeys from the boys club this Thanksgiving will be R. H. DeNike, 226 Miriam street; J. A. Splan, 28 Shakespeare street; Willie Kane, 5740 Mission street.

Lumber Co. Bldg. Permit Is Under Consideration

Under consideration by the city council today is an application for a building permit by A. J. Herzog of the Daly City Mill and Lumber company.

Herzog has asked for a permit to construct a yard on the south west side of Westlake, one block off Junipero Serra boulevard. Presently his firm is located at 1859 Junipero Serra boulevard.

No action has been taken on the application, Mayor Green said, pending an investigation of the sentiments of persons living in the area of the proposed new lumber site.

Meanwhile, last week building permits were issued to:

Neville Motors, 7360 Mission, erection of a neon sign at \$35.

Sundell and Nelson, Hanover street, a \$7,000 home.

Shell Oil Co., Parkview and Junipero Serra, a neon sign at \$100.

S.F. Man Faces Four Traffic Charges Here

Charged with four different offenses today is a San Francisco man who led police on a race through Daly City streets at 9:15 p.m. Friday.

Officers said Joseph L. Mondragon, 2772 Folsom street, San Francisco, went through a stop light on Mission and began to pick up speed. Police began to chase him, and before Mondragon's car was stopped he almost turned over on Westlake and Woodrow.

Taken to the city jail, Mondragon was charged with: reckless driving, failure to obey a signal, failure to stop when he heard a siren, and operating a car without a driver's license.

A passenger in his car, Al Rodriguez, 720 Clayton street, San Francisco, was charged with being drunk in a public place.

Mondragon was released on his signature while Rodriguez put up \$10 bail. Both men will appear to answer charges in police court Friday.

COUNCIL TENTATIVELY APPROVES BUILDING A SEWAGE PLANT HERE

Council Considers New Assessment District Monday

What promises to be a council meeting of more than passing interest will be held in the city council chambers Monday.

At that time a hearing will be held on the formation of an assessment district for the Edgemar tract in the Lowell and Frankfort streets area.

Under present plans, the San Francisco building firm of Leopold will construct 200 new homes in this Edgemar district. This will mean new streets, water systems and everything that goes with a residential district. Hence, the need for an assessment district.

At the present time several people are living in the area which would be taken in by the new district. In the past these residents have preferred to be left alone when it came to the city putting in new improvements.

From here, it looks like some of these interested people will be on hand Monday night to possibly fight the city's proposal.

Colored Pheasant "Tale" Reported By Degliantoni

Pheasant hunting got off with a bang, and the screwiest story of the year Sunday for one Daly City hunter by name of Bill Degliantoni. The truth of this "bird story" is something the reader must decide for himself.

In the words of Degliantoni: "Sunday afternoon I, Danny Magee, Frank Sweet, and Ward Junker were flushing out birds near Knight's Landing on the Sacramento river.

"I got off by myself in a field. Suddenly a bird shot up in the air. At first I thought it was an owl, then I saw the tail feathers . . . wham, I let him have it with one shot.

"When I retrieved the bird, I figured the best thing to do was to hitch it, as the rooster looked like he variety they fine you for killing."

"Looking like a cross between a pheasant and a chicken, the bird was a blue ring around its neck, a peckled white head, a combination white and red body. And, oh yes, one tail feather was exactly half white and red.

"I thought the bird was illegal, so I had it cleaned right away. Come to find out, though, that it was a freak."

Shaking his head, the roofing expert concluded: "If I hadn't had the bird cleaned I could have got \$100 for it stuffed."

This oddity of nature, or at least the head and some of the feathers, is now being displayed by sportsmen Jimmy Fox. Incredible readers are advised to contact Fox, or get the "bird story" direct from that master hunter (and story teller) Bill Degliantoni.

WHERE PILGRIMS COOKED—In this fireplace in the one-room, thatched-roof "Early House" at Plymouth, Mass., Pilgrims used to cook their Thanksgiving dinner. The house is one of the first 11 to be erected by the Pilgrims in 1620. Watching the modern cook are Audrey Higgins, kneeling, and Gloria Scholard.

NEWS OF
YOUR NEIGHBORS

Fritz Erickson, manager of the Daly City Bank of America, hit the "monthly double" last Friday when his second oldest daughter presented him with a grandson. Just one month ago, to the day, his oldest daughter gave birth to Erickson's first bouncing grandson. The new baby, Michael Earl Harvey, came into the world at Mills hospital weighing 8 pounds 13 ounces. His mother is Mrs. Joseph Earl Harvey of Burlingame. She is the former Doris Mae Erickson. Although both the grandsons weighed in on the same day, of different months, they were a few hours apart. The first grandson was born in the morning of October 18 to Mrs. Kay Shane, also of Burlingame. The newest addition, Michael, arrived in the afternoon. Oh yes, there is no danger that Erickson will be a grandfather again for some time. His two other daughters are still in grade and high school.

Moving out of Broadmoor Village this month for a variety of reasons are: Mr. and Mrs. Walter Froggatt, who will make their home at Lomita Hills in Millbrae. Presently they are living at No. 7 Village way. Mr. and Mrs. Al Kassow, 1840 Louvaine drive, are moving to Berkeley. Mr. Kassow is entering business in the university town.

Elewyn J. Smith, 215 Miriam street, otherwise known as "Smitty," is spreading good cheer in city hall today. And we don't mean the bottle variety. According to Mayor Paul Green, Smitty has promised all the employees a 20-pound turkey from his ranch. The birds are free of charge, and come with the best wishes of the fastest janitor this side of the Mississippi river, at least so says Mayor Green. The rumor has it Smitty is feeding his birds with odds and ends he picks up around the city hall. . . the building he cleans so thoroughly each day of the week. This should make for a tasty meal, or indigestion depending on what the reader thinks Smitty finds in the dark corners. Anyone interested in getting the bird is advised to see the handsome janitor. He can be found, with broom and pail, entertaining the Madames on the second floor of city hall at just about any hour, except during the luncheon period.

Mr. and Mrs. Allen Pettigrew have a first addition to the family today. She is Carol Lorraine, who came into this world at St. Luke's hospital last Thursday morning. The young Miss weighed 6 pounds, 3 1/2 ounces. Allen is well known to readers of the "Record" for his work on the Sports page. He is also familiar for another type of work at the Daly City Garage.

Mrs. Eleanor Hatt, president of the Old Glory Auxiliary 2044, VFW, attended a district meeting of the VFW Auxiliaries in Hollister last Sunday. Accompanying Mrs. Hatt were Mrs. Fitch, senior vice president; Mrs. Margone Johnson, junior vice president; Clare Poket, treasurer.

Johnny Stedman, son of Mr. and Mrs. Milton Stedman, 815 Midway avenue, Broadmoor, is five years old today. This isn't unusual for growing boys, but the party his parents gave him recently is something every lad dreams about. In addition to the quantity of cakes and ice cream, Johnny and his friends were also presented with appropriate gifts. Present at the party to wish the Broadmoor lad well were: Peter Tobin, Carol Gallman, Sarah Ann Marshall, Billy Steffens, Frank Piggrass and Linda Anderson.

Mrs. Pat Paoli, 4430 Mission street, is without the use of her right hand today. However, it is only temporary, as Mrs. Paoli is suffering from a cut she received Monday when she accidentally cut herself on some glass. She was taken to Junipero Serra hospital

The following Daly City area churches are holding special Thanksgiving Day services:

BETH EL LUTHERAN CHURCH, Alemany boulevard and Huron avenue: 10:30 a.m. — The Rev. Herbert P. Schroeder will preach on "The Grace of Gratitude." In addition, the choir, under the direction of Mrs. Ruth Petersen, will present appropriate music.

GRACE PRESBYTERIAN CHURCH, Hanover and Evergreen: 10 a.m. — The Rev. William Harberts will deliver an appropriate sermon. Miss Marian Walker will sing a solo, "Thanks Be to God."

LUTHERAN CHURCH OF OUR SAVIOR, Junipero Serra and Garfield: 10 a.m. — The Rev. Robert G. Konzelman will deliver the sermon. Scouts of Troop No. 82 will act as ushers.

LUTHERAN CHURCH OF BROADMOOR, White street off 87th: 10 a.m. — Pastor Zschneider's theme for the day will be "Thank—Then Thank."

BROADMOOR COMMUNITY PRESBYTERIAN CHURCH, 87th street off Junipero Serra boulevard: 8 p.m. Wednesday — The Rev. John Glaspe will deliver a sermon, "Decalogue of Thanksgiving." There will be music and the choir will appear in new vestments made by the ladies of the church.

GRACE CHURCH OF THE NAZARENE, Vista Grande and Santa Barbara, 10:30 a.m. — The Rev. John A. Nicholson will deliver an appropriate sermon on Thanksgiving.

MEAT GRINDER CHEWS UP BOY'S HAND, FINGERS
Recovering today from an amputated left hand is 6-year-old Terry Fairchild, son of Douglas Fairchild of 263 Miriam street.

Young Terry lost his fingers, thumb and part of the palm of his hand last Thursday when he "tangled" with an electric meat grinder.

Rushed to Junipero Serra hospital, physicians were unable to extract his hand from the machine. He was then taken to Stanford hospital where the grinder was removed.

Stanford hospital authorities today reported his condition was "good." They were able to save three-fourths of the palm of his hand.

According to police, Terry was helping his father at the Long-Pup restaurant, 6692 Mission street. The older Fairchild was operating an electric meat grinder in back of the establishment when the telephone rang.

Instructing young Terry to stay away from the grinder, Fairchild answered the telephone. Midway in his conversation he heard a scream.

When he dashed into the kitchen he saw Terry had his hand wedged in the grinder. Fairchild snapped off the switch, but by that time, police said, the boy's hand was chewed up to the wrist.

Sack Robber Holds Up L & L Cleaners, Gets \$48 Cash
Pulling a gun from a paper bag at 5:30 p.m. last Friday, an armed robber forced Miss Bonnie Newcomb, cashier of the L & L Cleaners, 6149 Mission.

After he'd stuffed the bills into the sack from which he'd taken the revolver, the thug ran out of the shop. He made his getaway in an automobile, police believe.

Miss Newcomb, daughter of the shop's owner, Lester G. Newcomb, 612 Bellevue avenue, was working in the back of the establishment when she heard someone out front.

Going to the front of the store, she saw the robber, described as being 6 feet 2 inches tall, wearing a gray suit, dark tie, and white shirt. He was standing next to the cash register.

When Miss Newcomb asked him what he wanted, the thug pulled the gun from the paper sack. Then waving towards the cash register he barked:

"Open it, and give me the money."

Then with the revolver in his left hand and the bag in his right hand, he instructed Miss Newcomb to put the bills in the sack.

"Don't bother to count it, just put it in the bag and hurry up," the bandit said.

During the robbery, Miss Newcomb told police, the thief continued to wipe his face with a handkerchief while clutching the bag.

After he had the money, the robber ordered Miss Newcomb into the back room, and ran out the front door.

Miss Newcomb told officers she gave him a \$20 bill, one \$10 bill, two \$5 bills and eight \$1 bills.

Burglar

(Continued from Page 1)

the house, the thief broke a small hole in the top half of a porch window near a lock. Reaching through the hole, he opened the lock. Then pushing up the window, he entered the child's bedroom.

Going to a dresser, he lifted a glass bubble bank, then opened a top drawer. Police say nothing was taken from the drawer. Bubble bank in hand, the thug stole into the front room where he cracked it open and took the money.

Proceeding to the master bedroom, he ransacked several drawers and took the watch and ring.

Then, done with his looting, the thug evidently left by the basement. He also left something of himself behind. Police report blood was found in the child's room and in the master bedroom. They believe the burglar cut his hand while breaking window glass.

James Friend

(Continued from Page 1)

elers, Donald Duck and Pluto. "I sometimes find it hard to contact the South American lads. There's a hill in front of our house that blocks a good many of the waves going south," Friend explained.

Despite rumors, these "ham" stations don't interfere with the average radio set, Friend asserted. He claims he has had no trouble from anyone in his neighborhood.

Rather than doing a disservice to neighbors, a ham station can often be useful. All know what these amateurs have done in times of emergency. Yet they offer still another service.

"I'm glad to send messages anywhere in the country for people around here," Friend said.

He then opened a log book and showed where he'd been instrumental in securing a home in California for a man in Hawaii. Through messages he relayed to and from the islands, the navy man found himself a place to live.

Recently the Daly City man was awarded the coveted WAC (worked-all-continents) certificate from the International Amateur Radio Union. To qualify for the award Friend was in two-way contact with amateurs in six continental areas of the world.

"Now I'm aiming at the DXCC (worked 100 countries) certificate. I also hope to get the WAS (worked-all-states) card."

Those interested in learning more about "ham" radio are invited to drop by Friend's home during the day. Oh yes, he works the swing shift for the telephone company. Needless to say, that work consists of working on radio-type equipment.

What's that about the postman's holiday?

SO WHAT

(Continued from page 1)

does. For he adroitly insisted everything was running smoothly, and hence, he thought it was a good time to step down.

As if that weren't enough to gloss over the matter, he answered one question by saying a word of praise for the officers. He declared that police protection in Broadmoor is excellent.

Now it seems to us that the authorities should be more accurate concerning positions. They should know definitely what a task amounts to before attempting to fill it.

If it is something that requires only a few moments, then it is all well and good to include the proviso of no pay. On the other hand, if the job requires day time work, and a goodly number of hours, then it should carry a fitting recompense.

The glittering metropolises will have nothing on Daly City when it comes to lighting up the streets for the Yule Tide. Right now the city fathers are getting ready to bring that kind of cheer to this vicinity. It was learned from Mayor Green.

Radiant clusters of colored lights will swing from the County Line to Market street. In sum, 20 twinkling bulbs will be suspended from each of the 166 poles along the way.

The groups will be made to resemble the lighting effects of the familiar Christmas trees, reminding us constantly of the spirit pervading the world at this time.

Mayor Green said that doubtless many of the merchants will enter the convivial specter by aiding and abetting in every way possible, such as adorning their store fronts and sidewalks.

There is no wonder about hizzoner's sentiments in this regard for he it known the cost to the city's coffers for the lights alone will amount to the neat sum of \$2,500.

Speaking of the Yule, we espied the first Christmas tree yesterday afternoon in the window of Frank Rehe's auto supply store at Hission and Flournoy. We mean to say it is the first one we have seen along our main stem.

We noticed there were no lights on the tree so we asked Frank if he hadn't forgotten something.

"Oh, that," was his nonchalant retort. "Come around at night and you'll really see something. In direct lighting is the thing today. And that's the way our tree will glisten, right up to December 25."

We're always glad to do a Winchell by heralding the news of a blessed event. And to that end we learned that Thomas L. Bocci, the

consists of working on radio-type equipment.

What's that about the postman's holiday?

AQUACADE

(Continued from Page 1)

down to sleep. When the sailors awake, a beautiful dance is done to "Daybreak."

Then the islanders and sailors become acquainted and the sailors follow the day's enchantment.

At nightfall begins the gaiety of the evening. A Hawaiian chant is performed and the fireflies come out to welcome the moon (swimmers with fireflies).

attorney, and his wife Melania are expecting. And what do you think—the bouncing babe will arrive with Santa Claus, if everything goes according to expectation.

The barrister was more than pleased as he related the information. He wants to be the proud pater of a voluminous family, and if developments continue as they have, there is little doubt about him achieving his heartfelt desire. Already, he is the parent of a daughter only one year old.

Evidently, good things come to Pere Bocci in bunches, for we were apprised that he has just embraced the Fraternal Order of Eagles, a popular group in our midst.

Met up with Chief of Police Sunderland just as we were hatching off to pound out this column. Appears that there have been too many automobiles parked in the streets all night instead of in garages. The chief says that the condition has reached the point of where something has to be done. Consequently, cars found out all night will be towed away.

He explained that there is an ordinance on the books for bidding such indiscretions, but that is only part of the story. There is a greater danger in it than the average person contemplates. That is particularly so during these very foggy nights when one can hardly see his hand before his face, let alone a parked car.

Therefore, there is the possibility that the owners may awake to find their cars a mere shambles as a result of a collision the night before. In any case, the practice must stop, the Chief says. So friends be guided by this notice.

The second accident occurred

one hour earlier at 10:33 a.m. in front of 6348 Mission. Mrs. Myrtle Berg, 323 Willis street, was pulling out from the curb when she collided with a car driven by Robert Newman, 776 Madrid street, San Francisco.

Mrs. Berg's vehicle was not damaged, however Newman's car will need repairs on its right front side, police said.

The first wreck was at the intersection of Valley and Mission when cars driven by Lido B. Pacini, 43 Bismark, and Bonnie V. Newcomb, 602 Bellevue avenue, respectively, collided. The rear of the Pacini car will need repairs while the latter vehicle will need a new left front fender.

More Business For Body Men

Within one hour last Thursday two minor accidents were reported to police.

No one was injured, although three cars sustained slight damage.

The first wreck was at the intersection of Valley and Mission when cars driven by Lido B. Pacini, 43 Bismark, and Bonnie V. Newcomb, 602 Bellevue avenue, respectively, collided. The rear of the Pacini car will need repairs while the latter vehicle will need a new left front fender.

The second accident occurred

one hour earlier at 10:33 a.m. in front of 6348 Mission. Mrs. Myrtle Berg, 323 Willis street, was pulling out from the curb when she collided with a car driven by Robert Newman, 776 Madrid street, San Francisco.

Mrs. Berg's vehicle was not damaged, however Newman's car will need repairs on its right front side, police said.

QUAIL SHOOTING GOOD ON OPENING

Quail hunters enjoyed some good shooting in Eldorado county as the season opened there November 18, reports the National Automobile Club. Valley quail are plentiful in the lower elevation areas.

No one was injured, although three cars sustained slight damage.

The first wreck was at the intersection of Valley and Mission when cars driven by Lido B. Pacini, 43 Bismark, and Bonnie V. Newcomb, 602 Bellevue avenue, respectively, collided. The rear of the Pacini car will need repairs while the latter vehicle will need a new left front fender.

COLMA --- BROADMOOR GARDEN VILLAGE

Series Of Whist Games To Begin December 2 At Colma Community Center

One way to work off that heavy Thanksgiving dinner, and prepare for Christmas is to play whist.

There can be no better place to play this popular game than at the Colma Community Center, beginning Friday, December 2, at 8:30 p.m.

With the first game the center will start a series of whist parties. The series will run through the month.

Money from the games will be used by the center to supplement the sum already at hand to pay for necessary repairs on the Dunk street building.

Mrs. Margaret Brown, president of the center, asked all interested Colma residents to take part in the series.

"The building is for the good of the community and the only way we can keep it up is through your cooperation," Mrs. Brown said. Chairman for the affair is Attilio Conserva. Watch the "Record" for a complete schedule of the coming games.

Street To Connect 87th With No. 1 On Planning Board

Now on the planning board, the proposed road to connect Broadmoor with Westlake is in the hands of the engineers.

A. J. Bodien, works superintendent, said the details for the new street yet had to be worked out to the approval of all concerned. This may mean the road will not be put in until sometime after this winter, Bodien indicated.

"Everyone is agreed that such a thoroughfare is necessary, and must be built. However, trying to determine the exact route is going to take some time," Bodien said.

Monday afternoon city officials met with county engineers Henry Doolger and James Snell. All of these men represent some of the property which would be used for the street.

As now proposed, the road would run about 300 feet east of White street, west of the Garden Village school, and connect 87th with Highway No. 1 and the Westlake project.

This route means that the Jefferson elementary school board, Doolger, the Lake Merced Golf Club, San Mateo county, and the city of San Francisco would have to give their consent, as property under their jurisdiction is involved. "When you have that many interested people, you're bound to run into some difficulty," Bodien added.

At the present time engineers for the various "interests" are exploring plans for the street route. When these have been completed another meeting of the officials will be called, Bodien said.

Big news for the whole family!

National Church Month

(This is the fourth in a series of articles on National Church Month. The concluding article will be printed in the "Record" next week.)

This week 30 million Americans will attend services of the churches and synagogues of the nation.

Unfortunately many of them will be paying only what is known as a semi-annual visit to mark the Thanksgiving holiday. And it is unfortunate, as a church has much more to offer than only a beautiful service and salve for the repentant soul once or twice a year.

It is the purpose of National Church Month to bring the various "houses of worship" before the American public. We do not say which of the churches is the true church, this is up to the dictates of personal conscience. However, there is no denying that everyone should attend a church of some faith.

Why?—fires back the man who would rather spend his Sunday morning idly reading the newspaper or in bed.

The answer, it seems to us, is just as personal as the type of church. However, from the great number of books sold recently on the sure fire panacea for grief, majority of people have more than just material problems.

And pointing out the road of happiness, it would appear that the nation, the individual in this nation, is suffering from a feeling of insecurity. He is not certain what tomorrow will hold, and even more uncertain if he will be able to meet the eventualities.

America, for the first time in many years, is going through a spiritual reawakening. True, this has many different names from "How To Relax" to "Ten Sure Ways To Find Mental Peace," but

all these pamphlets, books, talks, point to the same thing, a desire for something more than material.

Where is one to find this peace of mind? First, within himself. Second, and this follows as the moon the sun, within the society of which he is an integral part. And third, through the guidance of some supreme power.

That omniscient, omnipotent power is known by many names and is to be found in many buildings. But close to home, in America, He can be found best in the church.

There, then, is the answer. Man

should go to church not only to find truth and peace of mind, from a sense of duty to his God, but also from an actual craving. This, indeed may be a selfish attitude, but it is the beginning of all hope for a lost world.

So when you go to church this Thanksgiving, remember you are not only fulfilling a ritual; you are also on the road to happiness. And what is happiness? There are many answers, but now it would seem it can be found only one way... that is through faith. All of us need faith. It can give us the strength and purpose necessary for these times.

Without faith, hope is lost; with it, we can find peace and happiness.

ANGLING IMPROVES

Striped bass angling has improved considerably in the past week along the Sacramento river in the Sacramento county area, reports the National Automobile Club. Numbers of fair sized fish have been landed.

Don't worry—we don't expect you to lay that turkey leg down just to read this little ditty, but while you're resting after the big feast, here's a chance to catch up on what the neighbors did—

Firstly, the Arnold Fornachons celebrate thirty years of happy wedded bliss on Thanksgiving Day with their children and grandchildren. Sincere congratulations.

The Pal Nollis have guests from Worcester, Mass.—the David Duncans—who are spending Thanksgiving with them, also Mrs. Nollis' brother and wife, from La-Honda.

Little Tommy Marovich is looking forward to seeing his maternal "namaw" Mrs. David Brown from Los Angeles, for the turkey carving, while the Roy Smiths are happy to welcome Marian Brown from Modesto for her share of the white meat.

Our old friends, Ed and Kathy Vogel, are here visiting Kathy's sister, Truth Danielson. The Vogels, former Broadmoors, plan to stay for a few weeks.

The Bradford Miles are going to Redwood City for their gobler, and the Steve Melinacs even farther—San Jose!! Isn't it nice to know how the rest of us are celebrating?? The Guy Irons are coming to visit the Toschis — Al, Evelyn, Linda and little Allen. The Irons are Mrs. Toschi's parents.

Babies—babies, our favorite department—starting off with Linda Irene Henry, daughter of the Tim Henrys of 209 Village Lane, weighing in at 7 lbs. 3 oz.

Pamela Marie Alexander swells to four the residents of 739 Washington, as of November 14th, she weighs 8 lbs. 3 oz. and is the proud owner of parents, Mr. and Mrs. Douglas Alexander, and big brother Doug, Jr.

Robert Thomas Hood calls Nimble Drive home and the Arlie Hoods "Ma" and "Pa." November 20th his day and 7 lbs. 7½ oz. his weight.

Michael Joseph Leonetti is the new son of the Joseph Leonettis on Louvaine, as of November 18th and to the tune of 8 lbs. 9 oz.

November 19th was the fateful day for the Abolso Arellanes on Larchmont—Lawrence E. moved in, with his 8 lbs. 6½ oz.

The VFW Auxiliary Membership Committee met, among other things, to celebrate the 28th wedding anniversary of a very charming lady—Mrs. Gladys Holt, of 104 Garden Lane. The meeting, held at the home of Mrs. Kit Harding, in Buri-Buri was attended by Mesdames Magoon, Heim, Krawetz, Patey, Iacopetti, Holt, Goodwin and Heim. Congratulations, Gladys!!

Birthdays are the forefront of this busy Thanksgiving week — little Cindy Willis celebrated her second birthday on Saturday with sixteen little guests. Her mother made all her favors, with little bird-houses as the motifs.

Stephanie Rice down on 89th marked five active years on November 19th. Celebrating with her were guests Robin and Tony Frisch, Patty Nixon, Connie Farrow, Joan Drake, Janice Beck, Pamela Valegra, Vickie Girard, Beverly Tonnison, and Richard Athanacio.

November 12th, Janice Beck proudly announced her seventh birthday with a family celebration. 89th, too.

Susan Murphy up on Sweetwood was two years old on November 19th. The adorable daughter of the Jimmy Murphys, Susie had a party for her playmates.

Cute-of-the-Week-Dept. - Little Lynne Anne Frediani invited some friends in for a television

Thanksgiving Day Service At Lutheran Church, Broadmoor

Broadmoor residents are invited to join the congregation of the Lutheran Church of Broadmoor Thursday at 10 a.m. in special Thanksgiving services.

The services will be held in the recreation center, White street, just off of 87th street. Pastor Max Zschiegner will center his thoughts around the theme: "Think, Then Thank."

Meanwhile, Advent Season begins Sunday, November 27. This includes the four Sundays preceding Christmas.

During this season we are reminded by scripture readings and sermons, not only of the proximity to the anniversary of Christ's coming into the flesh — Christmas, but at the same time the nearing approach of the world's end, and Judgment Day. Lutheran Church of Broadmoor will have no special mid-week Advent services, but will feature the Advent message in the regular morning services the next four Sundays. Help prepare your hearts and homes for a true observance of what Christmas really is, by attending these services!

party the day of the Big Slaughter (oops—Big Game) and of course, no game is complete without a pool—so who won it?? Great-grandmother Buneman from next door! The prize?? Five clams, and not hard to spend, either.

The Legion Auxiliary Dinner—the Success of the Week, with Mrs. Ray Logan, Sr. the surprised and very delightful winner of the prize, a lovely 100 pct. wool blanket.

Our sincere sympathy to little Susan Steursel on Sweetwood, who cut her leg quite badly on November 18 — necessitating fifteen stitches. A pop bottle broke and caused the accident. Little Susan, who is six years old and in the second grade, will be out of school for some time until the leg heals sufficiently for her to walk on it.

Betty Bowlin was one very surprised gal on Saturday, November 19. Oh yes, she knew it was her birthday, but she didn't expect the big spread — her husband organized the party, and Jeanne Brugge, Donny Golladay, and Emily Hager went over and set the table while Betty was kept out of the house. All the guests brought something, and Betty was really delighted and surprised when she walked in to a houseful of party-givers. Many happy returns, birthday-ers!!

If you have pets, better keep them in for a while. Someone who doesn't "complain" first and shoot afterwards" necessitated the early demise of Tommy, one of the nicest cats we know. So, keep your cat in for a while, and maybe it'll live longer.

Well, that T-Day is almost here — with cranberry sauce and all the trimmings. Well, we'll see you at the Broadmoor Pharmacy — you'll know us — we have two heads, you know (that's common knowledge) but only one stomach, so it's going to be R-R-R-ough!! Selah!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday... Psalms	100	1-5
Monday... Psalms	105	1-5
Tuesday... Luke	22	14-19
Wednesday... Amos	8	1-6
Thursday... Psalms	136	1-4
Friday... Colossians	3	15-17

Dance Off That Thanksgiving Feast At The Boy Scout Dance This Saturday

Dance off that "turkey stomach" this Saturday night at the Boy Scout Troop No. 106 dance.

That was the word going around today about the dance to be held November 26 at 9 p.m. in Castle hall. Tickets for the affair are now being sold by young men in the uniform of the scouts.

Even those who don't wish to lose weight through dancing, are asked to buy a ticket. All money from the affair will be used by the scouts to buy equipment for a drum and bugle corps.

In other words, your few pennies for a ticket will advance the musical standing of this community. Imagine the thrill any "red blooded" Daly City resident will get when he hears the rolling drums and blare of the trumpets, and

knows that all was made possible through the purchase of a dance ticket.

However, don't think this is merely a charity affair. Ticket holders will get more than their money's worth. Such gifts as mops, groceries, candies, and other general awards will go to many of the ticket holders.

Food, other than turkey, will also be served between dancing. The scouts have promised an especially good hot dog and cup of coffee (at the usual rate).

From here, it looks like a three-way win for any ticket purchaser. First, he or she can attend a big Saturday night dance. Second, the purchaser will insure Daly City having a Boy Scout band. Third, a variety of awards will be available to almost every ticket holder.

Christmas Gifts Galore At OLPH School Mothers' Club Bazaar Sunday, Dec. 4

Wondering where to buy an inexpensive but good Christmas gift?

Here is the answer: On December 4 the Mothers' Club of Our Lady of Perpetual Help school is holding a Christmas bazaar at the school auditorium. On sale will be everything from cakes to hand made sewing articles.

The bazaar will get underway at 8 o'clock Sunday morning, immediately after mass. Breakfast will be served to those early buyers.

Some of the booths will include: cakes, dolls, candy, and children's booth. Something new has been added this year with the "surprise package booth."

Taking an active part in the bazaar are all the members of the Mothers' Club. Teresa Sullivan, president, is general chairman.

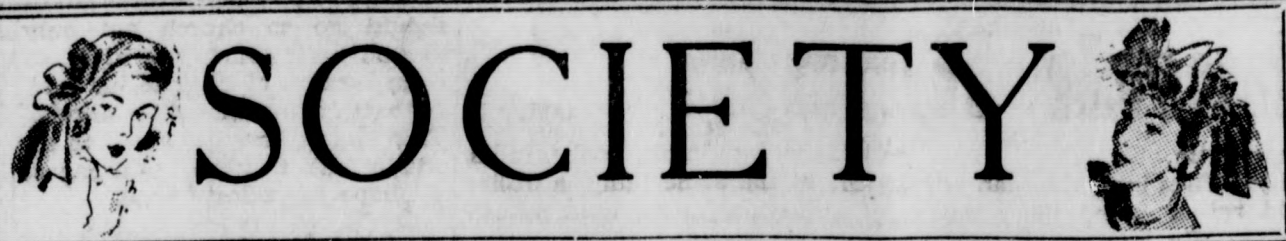

Giving a helping hand in the booths will be Mesdames Lee Miller, Sue Schroeder, Esther Nolan, Eleanor McDougal, Betty Brush, Elsie Thomson, Mary Thiebaut, Helen Perry.

Court Salesman No. 1005 To Hold Whist Party Dec. 2 At Guadalupe Hall

Whist fans will be interested in this date, December 2. On that day a whist party will be held in Guadalupe Hall, 4551 Mission.

The event will begin at 8:30 p.m., under the auspices of the Court Salesman No. 1005, CDA, of Corpus Christi parish.

Prizes will be given to those lucky enough to prove themselves experts. The public is invited to attend.

SMJC Homecoming Saturday; Alumni To Visit Campus

Homecoming at San Mateo Junior College is planned for this Saturday, November 26, when the junior college will welcome back its alumni for the annual gathering of former students and faculty members.

A game which will decide the conference championship, a dinner and a dance are planned for Saturday.

The game is with Menlo College, now tied with San Mateo in league standing, and will be played on the San Mateo High School field at two o'clock. Roy Hughes, San Mateo JC alumnus, coaches the Menlo squad. The Mateans have won four league games and lost one to Monterey, and have to beat Menlo to win the southern division title and meet Santa Rosa JC for the championship of northern California.

Following the game there will be an alumni dinner at the Hotel Benjamin Franklin at 5:30 o'clock. Alumni will have a chance to meet each other and to renew acquaintance with faculty members. Only a short program is planned for the dinner.

The dance, dressy dress, will be held in the Baldwin Campus gym right near the hotel. Ray Hackett and his orchestra, one of the best dance bands in the bay area, will play from nine to one o'clock. Dance tickets may be procured by the alumni, students, and friends of the college.

In its 26 years the junior college has graduated a number of students from every community in the county. Fine athletes, editors, drama stars and student officers have come from an area stretching from San Francisco to San Jose. Many of the graduates have been outstanding students who gained additional honors in universities, and many are now living on or near the Peninsula.

Student officers in charge of the homecoming send out a hearty invitation through their president, Olen Skaggs, urging the alumni to attend all or some of the homecoming activities.

District YLI Officers Named At Special Meet

Mrs. Patsy Binns today is the new district deputy of District No. 14 Young Ladies Institute.

She was elected at Half Moon Bay recently, as were the following officers: Mrs. Anna Betten-court, secretary; Mrs. Helen McQuaid, vice-chairman; Mrs. Dolores Morgan, treasurer; Miss Celestine Vignolo, publicity chairman.

Following the election by several weeks, the Colma Emydian Institute played hostess to the District, at that time projects for the coming year were discussed.

A day of recollection was tentatively set for Passion Sunday by the Angela Institute, San Bruno.

Notre Dame Institute, Redwood City, has set the date of January 25 for the district dinner. The place was not decided and the institutes will be advised at a later date.

The annual May conference will be in Half Moon Bay. Our Lady of the Pillar Institute is the hostess.

The next meeting of the district will be held in Redwood City January 11.

Brownie Troop Elects New Officers

Brownie Troop No. 7 has new officers today, with Evelyn Larson in the president's chair.

The officers were chosen at a meeting of the Troop November 16. In addition to the president, the following other young ladies are new officers: Diann Woods, secretary; Mary Ann Gensel, treasurer.

In addition to the election, at the same meeting the troop leader, Mrs. Dorothy Cramer, retired. Her position was taken by Mrs. Dorothy Carr, a co-leader of the troop.

Mrs. Carr will be assisted by Mrs. Bessie Runge and Mrs. Lucille Heffron. Mrs. Runge has been an active co-leader for three years, while Mrs. Heffron recently completed the Brownie leadership training course.

Following the ceremonies, the young ladies began work on Christmas gifts for their mothers.

Daly City Firemen Honored By Eagles Last Week End

Eagles of the Colma - Vista Grande Aerie No. 1848 last week paid honor to Daly City firemen with a three-day week-end celebration.

Last Thursday evening firemen past presidents of the Aerie took over the chairs at a special class initiation at which eight candidates were given the formal ritual ceremony. New brothers added to the local Eaglesdom were John W. Blankenhorn, Thomas L. Bocci Jr., Joseph T. DeBano, George E. Smith, and W. E. Roberts.

After the initiation ceremonies, Arthur J. Bodion, assistant chief of the fire department, gave a speech regarding the fire department and its activities. Refreshments were served later in the evening in charge of Gerald Summers and John Mona.

Friday evening was made an open house to all firemen of Daly City. An evening's entertainment of movies was provided, and Emil Bertelli, general chairman of the committee in charge of arrangements, acted as master of ceremonies.

Speeches were made by Elmer Kennedy, chief of the fire department, and by Eagle Worthy President Frank Davison, at which time an Aerie Service Certificate was presented to the firemen in recognition of the splendid service rendered by the fire department to the community.

A large crowd of Eagles, with many members of the fire department as guests, attended the social evening in the aerie hall Saturday evening.

Eagles Asked To Donate Blood This Saturday

Eagles of the Colma - Vista Grande Aerie No. 1848 will soon be donating to the Aerie's blood bank.

Leonard Carter, chairman of the blood bank committee, is making arrangements for the members to donate blood.

Tentative plans are to make donations Saturday, November 26. As many members as possible are urged to sign up in order to make this effort a success.

"Recent demands on the bank have been heavy and its supply is rapidly depleted," Carter said.

Anyone wishing to contribute to this activity may either contact Carter at JUniper 5-9684 or Tom Rae at JUniper 4-1610.

Members who so far have signed up to make blood donations are: Frank Davison, worthy president; Reginald Calvert, worthy vice president; Wilbert Carrington, worthy chaplain; Tom Rae, secretary; Leonard Carter, worthy conductor; Delbert Fehl, inside guard; Brothers George Wheeler, Larry Romero, Ben Rice, Gerald Summers, and John Mona.

Needy Children In Europe Need Clothing, Soap

There are only a few days left now to insure some boy or girl in Europe will have a happy Christmas.

At Our Lady of Perpetual Help Church donations are being accepted for needy children in Europe. The things most desired are clothing, soap, and other items which all of us consider the necessities of life.

The goods may be brought to the church, 80 Wellington avenue, until Sunday.

From the church the gifts will be taken to St. Vincent de Paul Society and from there distributed throughout Europe.

Everyone, regardless of religious belief, is invited to join in this worthy cause.

Any type of clothing is desired, as long as it can be repaired. Why not clean out that closet now and insure some boy or girl a happy Christmas?

Does GARLIC Relieve GAS?

ALLIMIN relieves distressing symptoms of heaviness after meals, belching, bloating and relief due to gas in stomach and intestines. ALLIMIN has been clinically tested by doctors and found highly effective. ALLIMIN is the largest selling garlic tablet in the world.

Court St. Mary No. 1155, CDA Holds Initiation

There are 12 new members of the Court St. Mary No. 1155, Catholic Daughters of America, today, following initiation ceremonies November 17.

Presided over by Grand Regent Mrs. Elizabeth Wettstein, the initiation was one of the high points of the year. Mrs. Wettstein presented beautiful corsages to the vice state regent, district deputy, officers and chairmen of the evening.

After the meeting, members were surprised with refreshments served from a decorated buffet table. The main centerpiece of the table consisted of fall flowers in the Court's colors of purple and gold.

Those initiated include Mesdames Nora Coleman, Marion Connolly, Rose Felder, Agnes Herman, Agnes Keenely, June Murry, Dorothy Stewart, Nellie Sheehan, Lillian Wettstein, Anna Young, Grace Court and Grace Falk. The latter two initiates were from Court West Twin Peaks 1118, San Francisco.

Following the ceremonies a few interesting words were spoken to the court by Mrs. Catherine Maloney, vice state regent, and Mrs. Ruth Block, district deputy.

Social chairman of the evening was Mrs. Azilda Kohmann. She was assisted by Mesdames Bridget Caltan, Elizabeth Salisbury, Margaret Crowley, Katherine Harrington, Betty Ahern, Mary Britsch, Agatha Heyden, Christine Hume, Hattie Kelly, Harriet Michelson, Alma Parisano, Evelyn Weckerle, Katie Corrie and Miss Elizabeth Wettstein.

Mrs. Jennie Johnson was in charge of table decorations, while Mrs. Hattie Kelly was the acting organist.

New Arrivals

To the wife of Milton O. Craig, 208 Los Olivos, November 10, a son.

To the wife of Edwin E. Davies, 554 San Diego avenue, November 9, a daughter.

To the wife of Andrew Kantor, 289 Farrallones, November 11, a son.

To the wife of Paul E. Lindstrom, 1723 Sweetwood drive, November 8, a son.

To the wife of James B. Shaw, 668 Larchmond drive, November 4, a daughter.

To the wife of Douglas G. Alexander, 739 Washington street, November 14, a daughter.

To the wife of Timothy E. Henry, 209 Village lane, November 14, a daughter.

To the wife of Joseph W. Kinnaman, 25 Alexander avenue, November 14, a daughter.

Local Women At Training Course

Daly City and Broadmoor were recently represented at two workshop courses sponsored by the Girl Scout councils of northern San Mateo county.

Attending a course in group management were Mrs. Gladys Kennedy, Daly City, and Mrs. Catherine Rey, Broadmoor. This course was under the direction of Mrs. Edward Gould and Miss Caroline Passaneau.

Mrs. Dolly Gensel, Daly City, took part in a course in group dynamics under the direction of Mrs. Gould.

PUBLIC HEALTH AND SANITATION, AND WARNING, EVACUATION, AND RESCUE ARE PRIMARILY GOVERNMENTAL RESPONSIBILITIES. BY MUTUAL AGREEMENT, HOWEVER, GOVERNMENT AND RED CROSS OFTEN COOPERATE IN THESE TASKS TO EFFECT SPEEDY RELIEF.

"DART-AND-DASH" SCHOOL OF DRIVING

Don't drive in the "dart-and-dash" school of driving, advises the National Automobile Club. Motorists who dart and dash through the stream of traffic, weaving wildly from lane to lane, endanger their own lives and the lives of others. Get in the proper lane, stay in it as consistently as possible, keep your pace down to the safe and sane, and you will help keep yourself safe.

band. Two new talented students were introduced to the student body. Diane Gorkosky singing "I Can Dream Can't I" and Leonard Mullin playing two accordion solos.

NEWS FROM THE SCHOOLS

JEFFERSON

The large picture map of Asia is progressing very nicely, with the excellent workmanship shown by the various groups. In connection with the work on China, the class was very fortunate in that they had a young guest direct from Shanghai, China. The young fellow, a personal friend of Arthur Hollingsworth, brought with him many items of interest, among them kites, newspapers, money, snap-shots of life in China, and, mostly, his picturesque experiences of 18 months in China.

SEVENTH GRADE

A mural depicting the explorers instrumental in the discovery of the American continent was recently completed this week. The mural shows a map of North and South America with such figures as Christopher Columbus, Ferdinand Magellan, Leif Erickson, and Balboa, superimposed on it. On each side of the mural are the figures of Father Marquette, William Penn, Prince Henry, John Smith, Roger Williams, and the Pilgrims.

The mural was drawn by Paul Del Braccio, Andrew Delfino, and Robert Marshall.

FOOTBALL TEAM

The boys have been working hard in preparation for their championship game with Our Lady of Perpetual Help this Saturday at Marchbank Park. The current touch football season will close with the playing of this game and the fellows are looking forward to the basketball season.

The girls have been busy with their physical education also, hav-

ing learned the art of playing volleyball they are now turning to a new game called "Hit-Pin Basketball." The game is gaining momentum with each period it is played. The object of the sport is the same as that of basketball, with the exception of knocking down an Indian Club instead of shooting a basket.

SIXTH GRADE

Because of the interest in the recent election, the sixth grade has decided to have some practical lessons in democracy. The class used various tasks which are necessary to the maintenance of a school room as the basis for a class election. The following people were elected as officers: Edward Dennis, president; Helen Markel, secretary; Richard Stovsky, treasurer.

HOBBY TIME

During "Hobby Time" this week, Jay Jackson gave a very interesting display of his hobby which happens to be "Magic." His repertoire of tricks held the class spellbound with wonder. After each trick, Jay would tell the class the secret of his many displays.

Ray's presentation of his hobby was so satisfactorily received that the class wanted to stay after school in order to see and learn more magic.

One hundred boys and girls are now attending the Jefferson kindergarten and each one is vitally interested in "learning by doing." The holiday season sets the tempo for the activities program and turkeys and pumpkins add to the room decoration.

Report cards were given out, for the first time, and progress reports will be prepared, showing work habits and social growth habits, each quarter of the school year. Much enthusiasm was expressed by the little ones for their first marks in school.

FIRST GRADE

The first grade, Room 5, recently enjoyed an interesting visual aid lesson. The pupils looked at and discussed pictures of familiar nursery rhymes along with those of Jack and the Beanstalk. At the conclusion of the pictures different pupils of the class recited and enacted the story of Jack and the Beanstalk. Those taking part were Terry Christman, Judith Schenone, Darryl Petersen and Tonette Tebeau.

The pupils of Room 6 — after-

noon session — have been busily engaged in decorating their room with the Thanksgiving motif. The coming holiday is reflected not only in their art activities, but is being correlated in their arithmetic problems, health study, reading activities and music program.

Report examinations have been completed and the children have discussed individual difficulties with their teacher.

The third grade welcomes Carol and Donna Brown, Judy Merlo and Billy McCann to their class.

THANKSGIVING

November, with the all-important Thanksgiving Day, has given the children, in the morning session, Room 6, a wonderful opportunity to learn some new reading words and to write stories about Colonial life.

Pumpkins, turkeys and pies have been used to good advantage in arithmetic lessons.

The art lessons have brought forth wonderful talent in drawing turkeys. Dixie Howell's and Webby Parker's turkeys were voted by the class as the best drawings of the week.

The next undertaking by the groups will be to do a creative drama play called "Thanksgiving in Mother Goose Land."

ENTERTAINERS

Joan Loken, a talented member of the third grade, entertained the group with several selections on the accordion. Joan has been taking lessons for only a short time, and plays very well.

We have been glad to welcome back Darrell Holmes after a very long illness. Darrell is working hard to catch up with his work.

Pamela Vogel and Barry Beinner have entered Jefferson this grade recently. Pamela comes from San Mateo, and Barry from San Jose.

SAFETY FLAG

A new flag — the safety flag — now flies from the flagpole of the Annex. This flag was presented to the school by the junior traffic patrol because there was no traffic accident during the past year. During the presentation ceremony Mr. Moore, by whom the presentation was made, explained to the children that for each year there was no accident a gold star would be placed on the flag. The children renewed their pledge of continued carefulness, and are very proud of their flag.

CROCKER

The new report cards made their appearance in the homes of the Crocker student body. Teachers and students spent a portion of their oral language and mental health periods discussing the cards and their interpretations. The eighth grade decided upon a check chart to make them aware of the qualities of citizenship.

Although the five qualities listed on the card are all-inclusive, the class discussed the many points involved in each one. Students therefore have helped to grade their own cards. Crocker is proud to boast of the following students in the school whose citizenship qualities and application have produced grades for them to be on the honor roll.

Room 1 — Carroll Bate, Heather Bridges, Bill Butler, Virginia Chan, Patsy Coffee, Marcia Golden, Elaine Martinez, Ellis Pizzi, Joan Warren, Beverly Broadbent, Bob Church, Geraldine Gioni, Barbara Hoerner, Dick Kalinin, Kenneth McDonald, George Miller, Jacquelyn Mullen, Jack Plunkett, Margaret Robertson, Martin Van Gundy.

Room 6 — Donna Carlisle, Dick Hopman, Carolyn Saumer, Charles Colino, Louise Covell, Beverly Hinkson, Norma Khinoo, Lois Kramer, Margaret Michelson, Lois Pera, Jacquelyn Tollefsen, Sidney Warren.

Room 5 — Roy Bottarini, Darleen Cecchi, Ruth Dean, Gary Galli, Richard Hiet, Patricia Hinceline, William Hunter, Earline Kendrick, Darleen Liebhart, Jo Ann Meadows, Donna O'Dell, Robert Pool, Michael Sibitz, Diane Valentino, Nancy Vranich.

Room 3 — John Christianson, George Edwards, Shirley Evans, David Kruse, Richard Montgomery, Robert Morris, Gail Quint, Margaret Runge, William Tylanda, Richard Watson.

Room 4 — Joy Boecher, Barbara Broome, Phyllis Cormack, Ruth Friesenborg, Robert Gioni, Charles Halliday, Jacqueline Hansen, Billy Johnson, Mary Kelly, Jimmy Laund, Carol Morris, Sally Reeves, Nadine Rezendes, Joyce Rogers, Gus Sakaladasis, Judie Stahl, Legus Watts.

Room 2 — Angelo Casserino, William Doghera, Neta Emerson, George Friesenborg, Patricia Hickoy, Donna Iverson, Ronald Hinkson, Steven Van Otten, Ted Surber, Joan Perry, Henri Oliver, John Montenero.

Jack Plunkett, eighth grade student has made an attractive citizenship chart for the "Honor Roll" bulletin board of "Schmoo" as representing the qualities of citizenship, namely, consideration, cooperation, application, courtesy,

self-control, etc.

Following are students in the eighth grade of Room 1 who were neither tardy nor absent for the first quarter of the term: Carol Bate, Heather Bridges, Patsy Coffee, Marguerite Constantine, Joan Kilton, Elaine Martinez, Joan Warren, Bob Church, Kenneth McDonald, Jack Plunkett, Margaret Robertson.

ATTENDANCE

The following students in the L5 grade had perfect attendance last month: Robert Brugioni, Caroline Cameron, Angelo Casserino, William Curtis, Kenneth Day, Wayne Dunham, Nita Emerson, George Friesenborg, Gary Gardner, Marcus Glover, Ronald Hinkson, Robert Low, Robert Lucas, John Montenero, Pauline Sharp, Ted Surber, Clinton Thistle, Leonard Thistle, Jo Ellen Toler, and Patricia Hickey.

In an effort to make the concept of area more understandable and realistic, the students of Room 4 are marking off and measuring every available bit of blackboard, wall, and floor space in the room. They are finding out the number of square inches in books and papers, the number of square feet in the blackboards, and the number of square yards in walls and floor.

CHINATOWN

Because they are booked for a trip to Chinatown, the students of Low 7, Room 5, have been studying about this district, the largest Chinese settlement in the United States. They expect to see all kinds of things, such as exquisite carving, embroidery, and strange kinds of foods.

Traveling at the rate of 200 miles an hour, it would take a plane over 53 years to reach the sun. This is only one of the amazing facts learned by the children of Room 6. It takes the light of the sun eight minutes to reach the earth. But there are other stars so large and far away that it takes fifty years for their light to reach us.

LEGAL ADVERTISING

NOTICE OF SALE OF REAL ESTATE

No. 14657, Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Estate of CHARLES F. FRAHM, also known as Charles S. Frahm and Charles Frahm, Deceased.

NOTICE OF SALE OF REAL ESTATE

No. 5580, Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Estate of JOSEPH M. MACDONOUGH, Deceased.

NOTICE IS HEREBY GIVEN by DENT W. MACDONOUGH, as administrator with the will annexed of the estate of Joseph M. Macdonough, deceased, that he will, as such administrator with the will annexed, sell to the highest bidder, at private sale, and subject to the confirmation of the above-entitled court, all of the right, title, interest and estate of said decedent held by him at the time of his death, and all of the right, title and interest that the estate of said decedent has by operation of law or otherwise acquired, other than or in addition to that of said decedent at the time of his death, in and to the following described real property to-wit:

All that certain piece or parcel of land, situate in the County of San Mateo, State of California, being a portion of that certain 11.23 acre tract of land conveyed by Deed from Ormondale Company, a Corporation, to Joseph M. Macdonough, dated March 13, 1920, and recorded March 19, 1920, in Book 291 of Deeds at page 47, Records of San Mateo County, State of California, and being more particularly described as follows:

BEGINNING at a point on the line dividing that certain 260.80 acre tract of land described in and from the Deed of Charles F. Frahm, alias, deceased, dated April 3, 1867, and recorded April 3, 1867, in Volume 6 of Deeds at Page 202, Records of San Mateo County, California, and that certain 216 acre tract of land described in the Deed from Nicholas Martinez to Simon Saunders, dated August 17, 1866, and recorded August 17, 1866, in Volume 6 of Deeds at Page 60, Records of San Mateo County, California, which said dividing line intercepts the Easterly line of that certain 60.00 foot strip conveyed by Deed from Ormondale Company, a corporation, to County of San Mateo, dated May 7, 1914, and recorded May 25, 1914, in Book 238 of Deeds at Page 118, Records of San Mateo County, California, said point of beginning being distant South 70° 36' West 91.40 feet from County Engineer's Station "L" 347455.98 of the centerline established in 1948-1949 for the alignment of County Road Number 75, commonly known as Alpine Road; thence from said point of beginning on and along said dividing line North 70° 36' East 133.32 feet; thence South 2° 00' 30" East 57.16 feet; thence Southerly on a curve to the left, tangent to last mentioned course, said curve having a radius of 1960.00 feet, a central angle of 17° 53' 30", an arc length of 614.90 feet; thence South 19° 53' East 1008.35 feet; thence Southerly on a curve to the right, tangent to last mentioned course, said curve having a radius of 1240.00 feet, a central angle of 1° 18' 20", an arc length of 28.26 feet to a point on the center line of the old Menlo Park and Santa Cruz Turnpike as same originally existed; thence along said centerline South 27° 03' 30" West 26.88 feet to a point on said Easterly line of said 60.00 foot strip of land; thence along said Easterly line North 19° 59' West 1715.50 feet to the point of beginning.

All courses based on San Mateo County Survey Meridian.

That said sale will be made on or after the 5th day of December, 1949, and offers or bids for said property must be in writing and will be received at Room 501, 155 Montgomery Street, San Francisco, California, or may be delivered to said administrator with the will annexed personally, or may be filed in the office of the Clerk of the Superior Court of the State of California in and for the County of San Mateo, at any time after the first publication of this notice and before the making of the sale.

TERMS OF SALE: Cash in lawful money of the United States, 10% thereof to be paid upon acceptance of bid and balance upon confirmation of sale by said Superior Court.

Crocker P. T. A. Executive Board To Meet Tuesday

Meeting at the home of Mrs. Harold Perro, 736 Templeton, Tuesday, November 29, will be the executive board and sewing club of Crocker PTA.

The meeting will begin at 10:30 a.m. All ladies are asked to bring sandwiches.

Meanwhile, the November meeting of the PTA was held Tuesday at General Pershing school. Girl Scouts from Troop No. 1 and No. 14 presented the colors and led the pledge to the flag.

Community singing was led by Mrs. Agnes Austrius and Mrs. Effie Jordan, 17th District Mother Singers chairman.

Mrs. Hilda Heagney gave an interesting talk on her recent visit to New York and her activities with the Girl Scouts.

Then Mrs. Erwin Schmidt, president, read a poem on Thanksgiving. Mrs. Schmidt reports the attendance was good and she enjoyed the presence of school personnel at the meeting. Honored guest was Mrs. Edward Dennis, president of the Colma unit.

IT'S WORTH A
SNEEZE
OR TWO!

The Time is NOW

- clean out cold-air return
- clean out floor furnace pit
- replace old furnace filters

Is your heating equipment ready for winter duty? Have you slicked it up for clean, healthful and efficient delivery of the heat you'll need? It will pay you to look at your furnace filters and replace them with clean, new filters. Your heating dealer has them. It will be worth a sneeze or two to clean out the floor pit of your cold air returns or floor furnaces. You will find less dusting to do in your home if this clean-up job is done every six months. Then too, you will be getting more heat and burning less gas.

If repairs are needed on your heating equipment, do not attempt to make them yourself.

Call your local gas heating equipment dealer.

STUDEBAKER'S REALLY ROLLING! STUDEBAKER LEADS AGAIN WITH THE "NEXT LOOK" IN CARS!

MUSTANGS TO TACKLE LEGHORNS AT PETALUMA ON THANKSGIVING DAY

By Allen Pettigrew

It won't be all turkey for the Daly City Mustangs on Thanksgiving when they meet the powerful Petaluma Leghorns on the latter's home field. Kickoff time is 11 a.m.

As a matter of fact this may be one of the Mustangs' roughest games of the season. It is these same Leghorns who gave the South San Francisco Lads their only egg of the season. Thanks to the Leghorns, the Windbreakers didn't make their 25th consecutive victory.

I can not assure you readers of a victory, but I can say that when the final gun is sounded the Leghorns will know that they have been in a ball game.

A victory over Petaluma would result in a return game to be played in the Egg Bowl. This would surely raise the prestige and interest in our local eleven.

Not overlooking the fact that Petaluma has beaten the two top teams in the Western Football league, the Daly City eleven believe that if they can stay as high as they were in the "Breakers" game they can match the Leghorns touchdown for touchdown.

In such a case, the game would hinge on the extra points. The Mustangs have the man capable of fulfilling this job. The "toe" for the Mustangs is Bill Tubs.

Packing the scoring burden for the Mustangs will be Duke Marlowe and Bob Poyer, the latter proving to be one of the most improved ball handlers seen in these parts for some time.

The forward wall will be manned by the Mustang regulars like John Accellato, Jerry Listman, Lee Stevens, Ken Martin, Pat and George Simmons and the Rogers brothers.

Completing the line at the ends will be Walt Silva, Charlie Simmons, Ken McBain, Dick Myers, Aldo Cingini, and Chuck Adams.

Adams was chosen as the most valuable end in the WFL poll this year. The backfield will be composed of Roy Chambers, Bob Dockery, Bob Ross, Joe Tadoni, Jim Sprow, Bob Griffin, Charley Miller and Larry Middendorf.

Win, lose, or tie the Mustangs will have completed their best season to date and will be regarded as one of the teams to beat from now on.

If you are interested in your team, why not ride up to Petaluma Thanksgiving Day?

MANY PHEASANTS BAGGED

Hunters bagged many pheasants in the Fresno county area as the season opened there November 18, according to the National Automobile Club. Hunting in this area should continue good.

J. S. Merchants Fight For League Lead This Sunday

Going to bat for what may be the "AA" National League championship this Sunday will be members of the Junipero Serra Merchants.

At 2 p.m. at Marchbanks the Daly City nine will take on Les Vogel. If they win this game, they will have four out of the series and be in a tie for first place with Syl's Service.

The Merchants shouldn't have too much trouble with Les Vogel, at least if they do as well as last Sunday against the Hallorans Log Cabin. The final score in that game was 12 to 6 in favor of the Merchants.

After the third inning of last Sunday's game the Daly City boys had the whole thing bagged. It was in the third, with the score 5 to 3 in favor of the Log Cabin, that spunky Fred Lucia hit one of the longest homers in the history of Funston field.

When Lucia, in addition to two other lads o' nbase, crossed the home plate the score came up to 6 to 5 in favor of the Merchants. From then on out, it was a simple matter for the Daly City club.

Lucia also did a nice job on the mound, coming in to relieve Bourneis in the third. He managed to hold the Log Cabin down to five runs.

Others who showed their fighting spirit Sunday were Lou Valletta and Hank Dotoli, both of whom ended the game with two hits, and two and one run, respectively.

Padres Win Again; Laramie Sets New Touchdown Record

Champs of the California Athletic League, the Serra Padres almost lost some of their glory in a game with Petaluma High Friday night.

Although the Padres, and Colma's Tom Laramie, racked up a score of 32 points; close behind them were the Petaluma boys with 17 points.

As usual Laramie was the star of the game, rambling 291 yards for an average of 15 yards per carry.

Laramie also broke a new record. He is the only man in the school to have totaled 13 touchdowns in one season.

Three of the touchdowns in Friday's game were racked up by friend Laramie.

In the first league game with San Mateo, Larry only made 4 points. In the next game with Half Moon Bay, he made 8 points. In the Sequoia game, Larry made the highest number of points in the game by having 15.

In a practice game with Serra, Larry made 12 points. In the Burlingame game, he made 12 points again.

Lincoln held him down a little, and he only was able to score 9 points. Again Larry opened up with 12 points in the San Jose game.

After being hurt in the early part of the game, Larry was only able to score 5 points in the South City game. Maybe if he had not been hurt, the game might have turned the other way. Counting all the practice games and league games, Larry made a total of 87 points.

With the lightweight season over, Coach Orlich will start his task of coaching the Jefferson varsity.

This will not be an easy task, for last year the varsity lost every game that they played. We don't think this will happen this year, for Coach Orlich is out to have a winning team.

Jeff High Indians

From Milton Tromborg's TEEPE

Playing their last game on their home court, the Jefferson 20s dumped the South City 20s by the score of 28 to 21 last Thursday. After their defeat last week by the San Jose team, the Indians came right back to win this one for their coach, Coach Orlich.

The 20s end the season with a record of five wins and two losses. The two losses came when the Lions of San Jose dumped them and Lincoln. These are the only defeats for the 20s in league play.

High point man for the 20s in this game was the star of the team, Frank Hartje, with 15. Frank is an all-around player, and he can do anything on the court.

Also a standout on the team were Blanchard and Moquin. These two boys are always out on the court doing their best in bringing the ball down the court.

The team as a whole has been good all season, and the boys tried hard all season to bring home a championship.

We look forward to a better team next year, and with Coach Orlich behind the boys again, we should see the 20s near the top of the league, if not on top.

10s LOSE

With just one minute to go in the game, the Jeff Indians came from behind to give South City a fight to the finish. Palm, second string forward for the Jeff 10s, was standing on the free throw line with two seconds to go. If he had made the free throw, the game would have gone into overtime.

All was quiet as Palm let the ball go. The ball hit the rim and fell short of the bucket and South City won by the final score of 18 to 17.

This was the closest game of the season for the 10s. The 10s have done well all season, and we have seen a few new boys who should be very good in a few years.

One of these boys is Larry Hutchinson. We have seen many a ball player on the court, but not one like this. Larry is all over the court, and he puts in the best of defensive work on the team. Larry is only a freshman, and if he keeps it up, he may become one of the best basketball players that the Jefferson Indians have ever had.

Larry was hurt early in the game, and was only able to make 5 points. In all the games he has done well. Let's go back and see how well he has done.

In the first league game with San Mateo, Larry only made 4 points. In the next game with Half Moon Bay, he made 8 points.

In the Sequoia game, Larry made the highest number of points in the game by having 15.

In a practice game with Serra, Larry made 12 points. In the Burlingame game, he made 12 points again.

Lincoln held him down a little, and he only was able to score 9 points. Again Larry opened up with 12 points in the San Jose game.

After being hurt in the early part of the game, Larry was only able to score 5 points in the South City game. Maybe if he had not been hurt, the game might have turned the other way. Counting all the practice games and league games, Larry made a total of 87 points.

With the lightweight season over, Coach Orlich will start his task of coaching the Jefferson varsity.

This will not be an easy task, for last year the varsity lost every game that they played. We don't think this will happen this year, for Coach Orlich is out to have a winning team.

Jeff Indians Go On War Path; Dump Palo Alto 35 To 14 Last Friday

By Milton Tromborg

Taking command in the first quarter, the Jeff Indians went all the way to upset a strong Palo Alto team by the score of 35 to 14 at Palo Alto last Friday, November 18.

The Jefferson line pushed Palo Alto all over the field, and the Jeff backfield also out-played the Vikings from down south.

Here is how the scoring went: Jeff scored first in the first quarter. Jefferson kicked off to Palo Alto and forced them to kick from their own 12 yard line. Jeff ran the ball down to the Palo Alto end zone but fumbled the ball, and Palo Alto took over on their own 20 yard line.

After two plays, Palo Alto fumbled the ball, and Jeff recovered on the 12 yard line. Lunghi took a hand-off on the 8 yard line and scored the first Jeff tally. Ed Perrens kicked his first extra point of the day, and Jeff took the lead of 7 to 0.

Late in the first quarter, Jeff came back with another tally in the first quarter. With the ball on the Palo Alto 24 yard line, Baggetta faded back and let go a long pass. Don Lunghi, standing in the end zone, caught the pass for another touchdown for the Indians.

Ed Perrens came in and kicked the extra point, and Jeff took the lead 14 to 0 at the end of the first quarter.

Palo Alto came back in the second quarter with an 82 yard pass play. Palo Alto's star, Bettencourt, caught a pass on the 50 yard stripe, and ran all the rest of the way for a Palo Alto touchdown. The try for the extra was good, and Jeff still held the lead of 14 to 7.

At half time the score stood at Jeff 14 and Palo Alto 7.

At half time, Coach South told the Indians that this was their ball game, and if they wanted to win it they would have to go out there in the second half and really play football. This was all the team

needed to fire them up, and the third quarter was the most interesting in the whole game. Jeff put three touchdowns on the scoreboard in 2½ minutes.

Palo Alto kicked off to Jefferson and Jeff took the kickoff on their own 10 yard line. Jeff got nowhere and were forced to kick from their own 35 yard line.

Palo Alto took the ball over on the 48 yard line in their own territory. Three passes and four running plays put a tally on the score board, and the try for the extra point was good, and now the ball game was all tied up, 14 to 14.

At this time of the game, it looked as if the Indians were going to fold, but as it turned out, Palo Alto was in for a surprise.

Jeff took the kickoff and ran the ball down to the Palo Alto 8 yard line in 10 running plays. Here for three plays the Indians could not run the ball over for a touchdown. They tried everything except a pass. On a fourth down, Baggetta threw a pass to Leroy Gonzales in the end zone for another Jeff touchdown. Perrens kicked the extra point, and Jeff again took the lead of 21 to 14.

This was only the beginning for the Indians. Remembering the defeat that the Palo Alto team gave them last year, the Indians kicked off and recovered the ball in the end zone for another Jefferson touchdown. On a kickoff, the ball is a live ball for either team, and Jeff took advantage of this. Roy Childress recovering the ball. Ed Perrens again kicked the extra point, and Jeff took the lead of 28 to 14.

Jeff kicked off to Palo Alto, but after running one play, the Vikings fumbled the ball on their own 45 yard line, and Jeff recovered the ball.

Bob Gallagher ran the ball to the Palo Alto 39 yard line. Here George Ritter ran off-tackle and raced all the way for another Jeff touchdown. Two men hit Ritter,

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

PHEASANTS—November 18 to November 27. Bag limit: ten male birds per season, but not more than two per day. Shooting hours: from 8 a.m. to sunset. Pheasant tag must be attached to leg of each bird taken.

QUAIL—Begins November 18. Ends November 27 in districts 22, 4½, and all of district 4 except Orange county (southern California). Ends December 15 in district 13½ (northeastern California). Ends December 31 in balance of State including Orange county. Bag and possession limits: eight per day. Shooting hours: 8 a.m. to sunset until November 27; one-half hour before sunrise to one-half hour after sunset otherwise.

TREE SQUIRRELS—November 18 to December 31 in specified

out Ritter was running so hard that neither man could bring him down. Ed Perrens came in and again kicked the extra point. Jeff took the final lead of 35 to 14.

The whole team on both offense and defense played very well, and it was the line that held the Palo Alto backfield. Jefferson this week will meet the South City Warriors and Jeff will be favored to win.

Small Boat Harbor Survey Of Northern California To Begin

A survey to determine the need for establishing 15 small boat harbors along the coast of northern California has been authorized, it was announced here this week by Col. F. S. Tandy, district engineer of the Army engineers.

The harbors, to be a maximum of 35 nautical miles apart, would provide refuge and recreational facilities for fishing and pleasure craft. Col. Tandy said between two and three years will be needed to complete the survey to be made in the area between Cape San Martin in Monterey county, and the mouth of the Klamath river.

ANGLERS TAKE SILVERSIDES

Anglers have been taking fair numbers of sizable silverside salmon during the past week on the waters of Tomales Bay, Marin county, according to the National Automobile Club.

"Middle Aged Man" To Be Discussed On Radio Program

It is not uncommon for the middle-aged man to experience a "change of life" though he may not realize what's happening to him.

This is the conclusion of the University Explorer, who will describe the reasons for this condition in a story called "The Middle-Aged Man," to be broadcast Sunday, November 27, over the Columbia Broadcasting System.

Obtaining his facts from Dr. Laurence W. Kinsell, associate professor of medicine here at the University of California Medical Center, the Explorer will describe some of the symptoms of the so-called "male menopause" and tell what medical science is doing in efforts to alleviate it.

The broadcast will be released over KCBS, San Francisco (10:15 a. m.).

SM County Red Cross Studies Disaster Units

Government and Red Cross officials met last week at the Red Cross Chapter House in Burlingame for the last of four sessions of a Disaster Institute. The group included officials from the county board of supervisors, cities of San Carlos, Belmont, San Mateo, Burlingame, Hillsborough and a d coastside communities. Police and fire chiefs, sheriffs and Coast Guard representatives were also present.

Thursday night was the same, with Millbrae, San Bruno, South San Francisco, Daly City, Colma and unincorporated areas in attendance. Walzer introduced Clyde Baird, assistant disaster relief director from Red Cross Pacific Area office in San Francisco. Baird spoke briefly on how government and Red Cross have learned to work together, through experience covering disasters over a long period of years.

Enroute from Detroit with Daly City's two shiny new buses this week was Mayor Paul G. Selmi. To inaugurate service and celebrate the start of the schedule, Daly City will turn out November 30 to inspect the buses and join in a parade.

Plans for Daly City's new \$2,000 dog pound took definite shape this week as the city council prepared to advertise for bids for its construction.

Nation-wide attention focused again on Vice-President John Vance Garner's presidential possibilities today as the senate's "grand old man" celebrated his seventieth birthday.

Jefferson played their last game of the season when they lost to Burlingame 20 to 7, on the Jefferson field Friday.

City officials met with Crocker PTA last Tuesday to discuss civic

problems and the part that the PTA's play in helping to build a better city government.

Celebrating the seventh anniversary of its founding, the Colma unit PTA held a pot-luck birthday dinner last Tuesday evening. Guests of honor included Mrs. F. M. Stanger, Mr. and Mrs. R. L. Crane, Miss Marie Traynor, Mrs. H. Cowell, Mrs. C. Leonetti, Mrs. M. Brown, Mrs. E. Hosmer, Miss A. Vireno and Miss H. Blaylock, teachers at the Jefferson and Thornton schools.

From the "Record" 20 Years Ago November 22, 1919

Members of the Crocker PTA met at their new home in the Daly City Theatre building last Wednesday afternoon, with a large membership present.

The Catholic church in Daly City will be dedicated Sunday, December 8, with solemn services. A part of the ceremony will be the blessing of the new chimes.

The Pacific Gas and Electric company proposed to raise rates on gas from 80 cents a thousand feet to 90 cents for the first 5,000 feet, with a sliding scale downward as consumption mounts.

A double birthday celebration was held last Saturday evening at the home of Mr. and Mrs. H. Sie-

Employment Ends Of G-I Students Revealed By VA

One-fourth of all the disabled World War II veterans who have taken education and training under Public Law 16 already have completed their courses and are considered rehabilitated, Veterans Administration said today.

By October 1, more than 520,000 handicapped veterans had, at one time or another, taken Public Law 16 education and training. By the same date, nearly 141,000 had completed training, and most now are employed at jobs ranging from automobile mechanic to school teacher.

The ranks of rehabilitated Public Law 16 trainees, VA said, have been swelling at an average rate of more than 7,000 a month.

VA has recently completed a study of the employment objectives of disabled veterans who were rehabilitated through Public Law 16 training.

The study disclosed that more than one-third — or 36.5 per cent — had the employment objective of mechanic or repairman.

Another 6.6 per cent trained for clerical jobs of various kinds; 6.3 per cent, occupations in the metal trades; 5.1 per cent, positions as accountants and auditors; 4.1 per cent, engineering positions as accountants and auditors; 4.1 per cent, engineering positions; 2.8 per cent, jobs in the construction trades, and 2.8 per cent, positions as teachers.

Other employment objectives included agricultural occupations, 1.2 per cent; law, 1.0 per cent; writers, journalists and reporters, 1.0 per cent; commercial artists, 0.7 per cent, and doctors and dentists, 0.3 per cent.

A wide variety of other job objectives accounted for the remaining 31 per cent of the rehabilitated trainees.

The average length of course taken by those Public Law 16 trainees who had completed their training has been 25 months—slightly more than half of the maximum period allowed by the law.

The average course of those who attended college under Public Law 16 extended for 29 months; for those in schools below college level, 19 months; institutional on-farm trainees, 29 months, and on-the-job trainees, 25 months.

VA files are filled with favorable comments of employers who have hired disabled veterans after they completed Public Law 16 training.

Steam dummies replaced horses to haul vehicles of San Francisco's Market Street Railroad Company in 1860 because of shifting sand dunes.

Fishermen's Calendar

During the 1948 season, anglers from six residence areas reported catching their trout in the following Division of Fish and Game management districts:

MT. WHITNEY (3,762,772 fish)—southern California anglers, 2,812,095 fish; south central California anglers, 845,176 fish; San Francisco anglers, 70,889; San Joaquin anglers, 9,984 fish; Sacramento anglers, 23,962 fish; northern California anglers, 666 fish;

SOUTHERN CALIFORNIA (1,935,635 fish)—southern California anglers, 1,925,817 fish; south central California anglers, 3,162 fish; San Francisco anglers, 4,160 fish; San Joaquin anglers, none; Sacramento anglers, 2,496 fish; northern California anglers, none.

SAN JOAQUIN (2,754,689 fish)—southern California anglers, 708,557 fish; south central California anglers, 1,566,217 fish; San Francisco anglers, 204,180 fish; San Joaquin anglers, 275,735 fish; Sacramento and northern California anglers, none.

COAST (2,556,165 fish)—southern California anglers, 99,178 fish; south central California anglers, 128,465 fish; San Francisco anglers, 1,672,213 fish; Sacramento anglers, 9,656 fish; northern California anglers, 540,320 fish;

CENTRAL (281,726 fish)—southern California anglers, 19,969 fish; south central California anglers, 12,647 fish; San Francisco anglers, 129,131 fish; San Joaquin anglers, 48,424 fish; Sacramento anglers, 69,558 fish; northern California anglers, 1,997 fish;

TAHOE (2,701,933 fish)—southern California anglers, 144,607 fish; south central California anglers, 48,091 fish; San Francisco anglers, 1,165,174 fish; northern California anglers, 16,474 fish;

LASSEN (1,822,612 fish)—southern California anglers, 126,353 fish; south central California anglers, 36,776 fish; San Francisco anglers, 437,897 fish; San Joaquin anglers, 31,950 fish; Sacramento anglers, 512,280 fish; northern California anglers, 677,356 fish;

SHASTA (2,017,007 fish)—southern California anglers, 58,492 fish; south central California anglers, 47,592 fish; San Francisco anglers, 401,787 fish; San Joaquin anglers, 69,391 fish; Sacramento anglers, 220,072 fish; northern California anglers, 1,219,673 fish.

The first phosphorus plant west of the Mississippi river was recently opened at Pocatello, Idaho.

The Anaconda Copper Mining Company's copper smelter at Butte, Montana, is the world's largest non-ferrous smelter.

BIBLE COMMENT

Hebrew Prophets Wrote Conceptions Of True Democracy

TWO conceptions, or attitudes, emphasized in our modern world, and perhaps especially in our modern democracies, in conflict now, were also in conflict in ancient Israel, where the Hebrew prophets spoke and wrote.

The one is of a religious isolationism, and of a limited conception of God, providence, and duty. In this conception God is little more than a tribal or national deity, whose special favoritism is for the one race or nation, called and chosen, to the exclusion or neglect of all others.

It dared to say that the Gentiles who knew not the law were accursed. It was not altogether unlike the attitude of those whose pride in their democratic privileges and national prestige becomes a matter of boastfulness, and a rather scornful attitude toward the less fortunate, or "backward nations."

Over against this, in ancient Israel, and especially among the later prophets, were the nobler souls, who saw in the law of God and His righteousness, law and righteousness for every place and time, embracing all men and demanding the obedience and devotion of all.

In this conception the call of God was not a matter of arbitrary preference. It was a call to duty and responsibility, as well as to privilege.

This large and noble conception of God found expression in passages worthy of its greatness and beauty. It is found in many prophetic passages, but the richest and most illuminating are in the later chapters of Isaiah.

And these noble prophets of Israel challenge our modern world, with their world-wide outlook, and their message concerning the God of all, with the only adequate way of peace and welfare for humanity.

STRICTLY FRESH

A NEW YORK man lived to be 96 and collected on his own life insurance policy. That was a fast one that took a long time to pull.

The Soviets accuse Marshal Tito, among other things, of using cosmetics. Even in the face, they don't like Tito's shade of pink.

A Connecticut man was accused of throwing away his wife's false

teeth. It is to be supposed that wife put the bite on him for a new set.

Economists say disposable income of the average American has risen every year for the past 11 years. And each year it has all been disposed of.

TEST YOUR I. Q.

1. Where is the Smithsonian Institution located?
2. In what year did Franklin D. Roosevelt first become elected governor of New York State?

3. On what date is Navy Day celebrated?
4. Who was the author of "Two Years Before the Mast"?
5. Who first made famous the expression, "Speak softly and carry a big stick"?

Answers to TEST YOUR I. Q.

1. In Washington, D. C.
2. In 1928.
3. Oct. 27.
4. Richard Henry Dana.
5. Theodore Roosevelt.

WRITES ON WEEKLIES—Thomas F. Barnhart, professor of journalism at the University of Minnesota, has completed his third book on weekly newspaper publishing, "Weekly Newspaper Writing and Editing." After 10 years of research and writing, the author has become nationally known for his books.

Are You A Traffic Law Cheater?

You May Win a Minute But Lose Your Life

By
Marlyn Jurras
San Mateo Co.
Safety
Campaign
Executive
Secretary

The San Mateo County Safety Campaign is endeavoring through its Accident Prevention and Safe Driving Campaign to curtail the terrific accident toll on our streets and highways and to make these same streets and highways safe for our children, our families and our friends.

All citizens should offer their fullest cooperation in this campaign which is endeavoring to eliminate carelessness and ignorance on the highways by means of a liberal visual education in five easy lessons (issues). Regardless of creed, race or political beliefs—the fullest cooperation of each and every one of us is necessary for the benefit of the entire community. Observance of the traffic rules and a little courtesy on the road is the very least each of us can contribute to this very necessary campaign. With traffic fatalities mounting with each succeeding hour on the highways and boulevards, it becomes increasingly apparent that

Rent Increases Given Landlords

Rent increases were allowed 623 landlords on 850 rental units in the San Francisco Bay area during October, William A. Bledsoe, local rent director, said today.

During the same period, Bledsoe said, San Francisco tenants received refunds of rent overcharges totaling \$20,589.

Bledsoe said that his office had received 432 petitions for rent increases during the month, and processed 559. Of these 450 or 80.5 per cent were granted. The increases granted during October upped the rental incomes of San Francisco landlords by \$5,763.21 or \$69,158.52 a year.

Some 480 eviction matters came before the rent office during October, Bledsoe said. Examination of 236 copies of eviction notices filed with the office showed 233 or 98.7 per cent to be proper. Sixty-two per cent of eviction certificates were granted. Bledsoe ex-

plained that to evict on certain grounds, landlords must obtain eviction certificates from the area rent office, but on other grounds, the only requirement was that a copy of a proper eviction notice be filed with the office within 24 hours of service on the tenant.

the trail of the automobile is the map of a battlefield. Blood flows and too many lives are lost. Remember that speed is not all it's "cracked up" to be. Too often the speedometer dials DEATH. Watch your speedometer and ask yourself that question when you wheel the family through the stretches of our countryside.

The steering wheel may be the wheel of Fate and the beginning of a tragic end. Please drive carefully and THINK! THINK! THINK! With schools letting out and the streets becoming increasingly full of playing children whose birthright entitles them to the chance to live and enjoy a full, healthy life, I can only urge you again to THINK! THINK! THINK!

Answers to TEST YOUR I. Q.

1. United States dollars; in addition, Liberia has its own coinage in silver and copper.
2. According to a U. S. fishery expert, oysters have three hearts.
3. There are over 2,000,000 grains of sugar in a pound. If you don't believe it, count 'em.
4. Korea.
5. Four and a half months. The battle was fought July 1 to 3, 1863, and Lincoln's address was given November 19, 1863.

TEST YOUR I. Q.

1. What is the official currency (money) of Liberia?
2. Does an oyster have a heart?
3. About how many grains are there in a pound of granulated sugar—25,000, 500,000, or 2,000,000?
4. What country is known as the "Hermit Kingdom"?
5. How long after the battle of Gettysburg was Lincoln's famous address given?

plained that to evict on certain grounds, landlords must obtain eviction certificates from the area rent office, but on other grounds, the only requirement was that a copy of a proper eviction notice be filed with the office within 24 hours of service on the tenant.

OPEN
THANKS-
GIVING
DAY

Styling of the 1950 Ford Custom Deluxe Ford sedan includes features which add to the performance, economy, safety, comfort and appearance of the new cars. With improved quality as the keynote, the 1950 Fords introduce a new treatment of the grille and parking lights, a colorful new crest — the first in Ford history — a new ornamental rear deck handle

and lock, new instrument knobs, new and larger horn ring, foam rubber front seats with non-sag seat springs and a complete new line of interior trim fabrics. In addition the powerful Ford V-8 and 6-cylinder engines have been improved to give Ford the quietest and smoothest running engines ever produced by the Ford Motor Company.

NEVILLE MOTORS LISTS FEATURES IN 1950 FORD

A smoother flow of power in the V-8s and quieter operation in both V-8 and 6-cylinder engines distinguish the improved power plant for the new 1950 Ford passenger cars introduced by Neville Motors, 7360 Mission street, last week.

Included among the engine improvements in the 1950 Fords are:

1. New camshaft timing gear made of laminated composition material which replaces the former aluminum gear, giving much quieter operation.

2. New automatic type pistons which control expansion and contraction and eliminate piston slap.

3. New camshaft, designed for quieter operation, featuring a longer opening and closing ramp which eliminates tappet noises.

4. Increased oil economy resulting from:

a. Addition of an oil squirt hole in the connecting rods which provide instant lubrication of the cylinder walls after a cold start.

b. New cylinder wall finish with better oil control.

c. Rubber seal ring on intake stem guide of the V-8 engine, which prevents excessive oil consumption through leakage of oil past the valve guide. The new rubber seal rings help oil economy from the first mile driven.

5. New three-bladed fan on the V-8 engine replacing the former four-bladed fan and a reduction of fan speed to 9/10th of the engine speed. Use of new narrow fan belts and rearrangement of drive so each of the two belts drives only three pulleys. The new fan, while providing the same cooling for the engine, is much quieter than the former model, and the reduction in fan speed eliminates fan "roar."

6. Improved oil bath air cleaner with cork insulation which deadens metallic engine noises.

The new timing gears in both the V-8 and 6-cylinder engines are made of laminated cloth impregnated with bakelite resins and moulded under extreme pressure.

Strange Japanese Custom
The Japanese have an unusual custom — getting friends to autograph favorite hymns. Each book becomes a veritable collection of autographs — pastors, teachers, visiting speakers, relatives and friends. Thus, when a Japanese opens his hymn book there is added significance and reverence as he is reminded of a beloved friend whose name is written across the hymn he is singing. The book becomes a symbol of deep fellowship as well as presenting an interesting array of signatures.

PIPE DREAM—The man with the pipe seems puzzled by the "Man With a Pipe," by French painter Ernest Enodo. The picture was one of a group of realist, surrealist and cubist paintings and sculpture exhibited in Paris by "Les Surindépendants" whose artist motto is "Independence and Discipline."

CITY GIRL KNOWS HER WAY—Shirley Everitt isn't just an ordinary farmette who makes a pretty picture with a pitchfork. She can handle any piece of machinery on her father's farm near Flemington, N. J., on the two days a week she spends there. The rest of the week she works in downtown New York. Shirley has won prizes with her own thoroughbred cattle which she has been raising since she was 10 years old.

"LOST CITY" FOUND IN DESERT—This is part of an ancient "lost city" discovered in the deserts of southwestern Afghanistan. It is believed to be the once great city of Peshawarum, which reportedly had a population of 100,000 at the time of the Crusades. Scientists from the American Museum of Natural History "stumbled" on the ancient city.

New Driving Aid Device To Be Used At Jefferson High

Students of Jefferson High school soon will be using a new set of driver testing devices to discover perils of the highway.

The set went into circulation this week in the high schools of San Mateo county following arrangements between Pansy Jewett, county superintendent of schools, and the State Department of Education.

Miss Abbott's action is directed at carrying out the new driver ed-

ucation law affecting high schools. The instruments will be demonstrated shortly to the driver education classes of Jefferson High school.

A lively period of testing occurred when Stanford Hannah, superintendent of the Jefferson High school district, admitted himself as subject for the instrument.

"These unique tests are real aids to teaching," Hannah declared. The set involved includes a foot reaction timer, depth perception, glare recovery, visual acuity and field of vision. The foot reaction timer is a new type that instantly translates the reaction time into distance traveled while the subject is reacting.

The new set supplements testing instruments introduced by Miss

Kern county was organized in 1866. Iodine minerals are comparatively rare.

Abbott into the county high schools two years ago.

The new driver education law makes mandatory at least six weeks of driver education in high schools, Miss Abbott said.

"With the aid of these devices students will discover the wide range of ability of other drivers, good and bad driving practices, what to expect from an automobile, and something of their own possible defect," Miss Abbott asserted.

Geneva - Mission Merchants Assn. Nominate Officers

Candidates for the Geneva-Mission Merchants Association officialdom were named Friday evening at a meeting of the group.

The candidates' names will be considered, and a final election of officers will be held November 30 at Amazon Hall, 7 Amazon avenue.

Those named for possible positions with the organization include Walter Renner Jr., president; Ed Treanor, 1st vice-president; Joe Ross, 2nd vice-president; Bill Appleton, 3rd vice-president; John

Venturi, financial secretary; Mrs. Walter Renner Sr., recreation secretary; Al Bertolozzi, treasurer; Albert Pfeiffer Jr., orator; Mickey Power, Ignatius Piazza, Mario Simoncelli, trustee; Frank McCormack, sergeant-at-arms.

Walter Renner Sr., Al Bindi, Bill Baker, Mrs. Martini, Ed Farrah, Carter, Al Wright, Balma Sr. McCloud, Norman Cole, John Grch, Dr. Williams, Joe Farrah, Brooks Reynolds, Mario Civelli, Sal Ditto, Louie Olivero, McMurdo, Frank Harrison, Ernest Osberg were all nominated to the board of directors.

In addition to the nomination, 17 new members were enrolled in the organization.

Thanksgiving Day Services At Local Lutheran Church

Thanksgiving Day will be observed with a special service at Bethel Lutheran Church, Alemany boulevard and Huron avenue.

The service will begin at 10:30 o'clock. The Rev. Herbert P. Schroeder will preach on the subject: "The Grace of Gratitude." Appropriate music for this festive occasion will be presented by the choir, under the direction of Mrs. Ruth Petersen.

The new church year begins next Sunday with the advent season. During the four weeks preceding Christmas, the Christian church not only considers the coming of Jesus Christ when He was born at Bethlehem, but also directs its attention to the second coming of the Lord as the Judge of all, at the end of time. The pastor will preach on the subject: "When Jesus Comes."

College Grads Wanted For Navy Aviation Cadets

College graduates and young men who have successfully completed two years of college are now being selected for the Naval Aviation Cadet program.

Graduates of this 18 months course receive an ensign's commission in the U. S. Navy at the time they receive their navy wings.

As a naval aviation cadet you will receive \$105 monthly plus lodging, board, and full medical and dental care. In addition, the premiums on \$10,000 worth of government life insurance will be paid by the navy during your period of flight training. Minimum pay and allowances of an ensign aviator amounts to \$415.75 per month without dependents, \$430.75 with dependents.

Inquire today. An hour of your time may bring you generous and satisfying dividends in training and travel, along with a secure, well-paid career.

Visit or telephone your nearest navy recruiting station, located in the Post Office building, San Mateo. Phone DI 4-2781.

WELL-BALANCED—Members of the American Institute of Accountants have proved that they are the men who know figures best. They have selected Betty Underwood of Los Angeles as the actress with the best balanced figure. The choice of Betty adds up to: bust, 34; waist, 24; hips, 34; and age, 24.

SEASON RUSHER—Joan Findley, professional model in New York City, was the choice of the New York State Winter Sports Council for Winter Sports Queen. So she posed, against a background of lush green foliage, in the latest things in snow clothes.

Gin accounted for 5.8 per cent of all distilled liquor consumed in the United States in 1948.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.
By Anne Goode

On those woolen socks you are knitting so diligently be sure to make the foot at least one-half inch longer to allow for shrinkage. Close knitters should allow three-fourths of an inch, for tightly knit goods shrink more than loose.

Manufacturers certainly do all they can to lighten the homemakers' chores. Now on the market are pound prints of white vitaminized margarine already cut in quarter-pound bars. Makes measuring and coloring quick and easy.

According to the Agriculture Department you'll eat 142 pounds of fresh fruit this year. Unless you're allergic, of course. More than half will be oranges and grapefruit. Apples run second with 25 pounds per person. Bananas and peaches trail along.

Because there are not many ways to change the new short haircuts fashionable New York women are tinting their hair to match their hats and dresses. Ginger, may blue and even pink are moving popular and effective. Don't worry. The color comes out with each washing.

A good wax shoe polish has other uses than just shining shoes. Your car, for instance, will gleam with a coat of the oil. So easy to keep it clean after that, too.

For future reference: Emu eggs are tasty and best for eating, says a British Scientist. Who knows? Though they aren't available now, some day your grocer may be handling them.

S. M. Man Leads Mission Trails

Louis Chess of San Mateo has been elected vice president of the California Mission Trails Association to represent San Mateo county. It was revealed yesterday.

Members of the association's board of directors representing San Mateo county include: William S. Biber of San Carlos; Norman J. Corlett, Burlingame; Martin A. Poss, San Mateo; Hugh H. Smith Jr., Daly City, and A. V. Swift, Redwood City.

New president of the organization is Hon. Edwin L. Carty, mayor of Oxnard, state fish and game commissioner and widely known leader in many civic activities.

VA Landscaping Bids Wanted

Sealed bids for landscaping the grounds of the Livermore Veterans Administration Hospital will be accepted until 1:30 p.m. December 20, the VA announced today.

The landscaping is to be performed around Building No. 62, and drawings and specifications may be obtained without cost by writing to the Technical Service, Veterans Administration, Washington 25, D. C. The drawings must be returned to VA within 10 days after bids are opened.

Bids, prepared in triplicate on Standard Government Forms of Bid, should be addressed to Director, Construction Service, Veterans Administration, Washington 25, D. C.

Where Now Lives Mrs. Christensen?

Where is Mrs. Agnes Christensen?

This is the question the Home Service department of the Red Cross today asked Daly City residents.

The only information of the missing woman is that she moved from San Francisco to Daly City in 1940. She has since remarried, new name unknown.

Her deceased husband's name was Hans Christensen.

Anyone knowing the whereabouts of Mrs. Christensen is asked to notify the local Red Cross, 1449 Bellevue avenue, Burlingame, or call Diamond 3-4561.

Violations Cost Citizens \$180 At Police Court

Busiest place in city hall last Friday was the police court, with the city taking in \$180 on violations.

Victor F. Pera, 27 Francis street, San Francisco, pleaded guilty to being drunk in and around an automobile. He received the heaviest fine of the day, \$75.

Edward Kerger, 390 Mt. Vernon street, San Francisco, pleaded guilty to disorderly conduct and was fined \$25.

Emil Holtz, 801 Brunswick street, failed to appear in court to answer a charge of drunkenness. His \$10 bail was forfeited.

Vet Booklet On Financing Farm, Home, Now Available

Questions and answers to the new California state law whereby veterans may obtain low cost financing are now available in booklet form.

Copies of the booklet, describing veteran financing of farms and homes are now available at the Veterans Service Office, courthouse, Redwood City.

Under present law eligible vets may receive up to \$7,500 on a home or \$13,500 on a farm, to be repaid over a period of years.

Three other men charged with speeding also forfeited bail. They were: Alexis D. Markoff, 670 Elm avenue, San Bruno, \$40; Theodore Ballerini, 740 Berkeley avenue, Menlo Park, \$20; James Gauhran, 9 Grand avenue, Redwood City, \$10.

SF Tightens
Parking Areas

The San Francisco Police Commission moved this week to tighten parking regulations in downtown San Francisco.

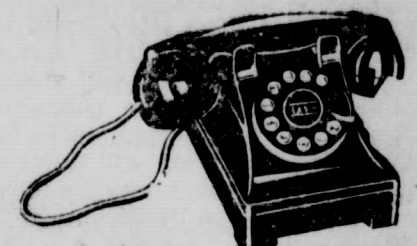

The Commission has instituted no-stopping regulations between 4 and 6 p.m. on the south side of narrow Pacific avenue between Larkin and Sansome streets and on the north side between Sansome and Kery streets. Previous one-hour parking permission also will be revoked during the same period on the south side of Pacific avenue between Powell street and Montgomery and Sansome streets.

The regulations will become effective as soon as warning signs can be installed.

The total national product of the United States will be over \$250 billion dollars this year.
